You DON'T Want a UNICORN!

Storytime Kit

You might think you want a unicorn, but that's a BIG MISTAKE. What's a better idea? A unicorn-themed STORYTIME!

(Just make sure not to invite any unicorns. They make a mess.)
A unicorn party might look like a lot of fun, but they are out of control. Instead, find unicorn-approved activities below to help you throw the best storytime ever.

Unicorn Party!
It’s time to throw the ultimate UNICORN PARTY! Unicorns do not hold back when it comes to decorations, so be sure to get lots of streamers, banners, and confetti. Balloons are awesome too, just be careful around unicorn horns—they don’t mix well.

Sparkly Snacks
Bright colors, lots of glitz, and total sweetness—the recipe for perfect unicorn snacks! Think those unicorn droppings look tempting? Make your own (more appetizing) cupcakes with rainbow frosting and sparkling sprinkles. Take an assortment of fruits and vegetables and create a rainbow spread of healthy snacks.

Pin the Horn on the Unicorn
Everything is better with unicorns (or so you think). Take the classic party game and give it a twist. Put up a picture of a unicorn without his horn! Cut out triangles for the horns. Each player should be blindfolded, spun around, and directed towards the picture. Whoever can pin the horn closest to the correct spot wins!

Freeze Dance!
What’s a unicorn party without some dancing? Play loud, energetic music and show off your best unicorn moves. When the music stops—freeze! If you’re caught moving, you’re “out.” Whoever is left standing at the end of the song wins. Just be careful with the jumping!
Unicorn Name Tags

Get to know your fellow unicorn fans! Cut out the name tags below, add a little sparkle, and fill out your name. Everyone loves unicorns!
You Too Can Be a Unicorn!

You don’t want a unicorn as a pet, but you can definitely pretend to be one! You’ll need: scissors, string, crayons, tape, and glitter (optional, but life is better with glitter). Decorate the triangle shape below—go wild! Add lots of colors, designs, and sparkles. Cut out the triangle and roll it into a cone shape. Place tape along the seam. Now take the string and measure slightly longer than the circumference of your head. Find the middle of the string and tape it inside the cone. Place your horn on your head and tie the ends of the string around the back of your head. Now go sparkle, jump, and party!
Spot the Difference

Can you spot the difference between the two images below? There are 5 differences between the two pictures. Circle each one as you find it, and then check the answer key.

ANSWER KEY:
1. Orange balloon is blue; 2. Boy’s shirt is blank; 3. Framed pictures are swapped; 4. Banner is a different color; 5. No writing on the wall.
