Brian Murphy

DESCRIPTION:

In the tradition of bestsellers such as *Dead Wake* and *In the Heart of the Sea*, *Adrift* tells of thirteen victims and a tragedy at sea where every desperate act could mean life or death

The small ship making the Liverpool-to-New York trip in early 1856 carried mail, dry goods, and more than one hundred passengers, mostly Irish emigrants. Suddenly an iceberg tore the ship asunder and five lifeboats were lowered. As four lifeboats drifted into the fog and icy water, never to be heard from again, the last boat wrenched away from the sinking ship with a few blankets, some water and biscuits, and thirteen souls. Only one would survive. This is his story.

Using the lone survivor's journal and his later newspaper accounts along with ship's logs, assorted diaries, and family archives, Brian Murphy chronicles the horrific nine days that thirteen people suffered adrift on the cold gray Atlantic sea.

KEY SELLING POINTS:

Proven genre: A survival story in the tradition of the genre's best, such as Mitchell Zuckoff, Hampton Sides, Jon Krakauer, and Sebastian Junger.

Cracking good read: Brian Murphy's writing has been hailed as gripping, thrilling, and riveting.

Jean-Christophe Brisard, Lana Parshina

DESCRIPTION:

Based on unprecedented access to a long-buried archive, a dramatic and revealing account that sheds new light on Hitler's final hours

What actually happened in Hitler's bunker? What happened to his body after Germany's surrender? Soviet troops had occupied the Berlin sector where the bunker was located—and they found bodies. Or so they said. Did the Russians identify Hitler's burned corpse? Why did Stalin mislead the world into believing the dictator had escaped? Without a body, doubts and rumors spread like wildfire.

After years of negotiations with Russian authorities, Jean-Christophe Brisard and Lana Parshina were finally granted access to secret files detailing the Soviets' hunt to find and recover Hitler's body. And buried in those archives they found much more, including a small section of a skull with traces of a lethal bullet. *The Death of Hitler* reveals the final secrets of one of history's most fascinating cold cases.

KEY SELLING POINTS:

Exclusive new material from long hidden Soviet archives

Thrilling narrative: Authors are award-winning journalists.

Global interest: Rights have already been sold in ten countries.

Publicity/media potential: New evidence in an always-compelling story

Readers' continuing fascination with Hitler, Nazis, and World War II

The look/feel of the book: Cold-case, mystery-solved narrative; authoritative

DESCRIPTION:

From an acclaimed author and historian, the dramatic, character-rich story of Antietam—the high-stakes battle Lincoln needed to win to save the Union and free the slaves

In September of 1862, the Rebels took the war into Union territory for the first time. A Southern victory would have ended the war and split the nation in two. Instead, the North drove the Confederate army back into Virginia. Emboldened by victory, albeit by the thinnest of margins, Lincoln issued the Emancipation Proclamation, freeing the slaves and investing the war with a new, higher purpose.

In this vivid, character-rich narrative, acclaimed author Justin Martin reveals why this battle was the Civil War's tipping point. Had the outcome been different, Martin argues, critical might-have-beens would have rippled forward to the present, creating a different society and two nations.

KEY SELLING POINTS:

Anniversary publication: Published on September 17, 2018, the anniversary of America's bloodiest day.

Acclaimed author: *Greenspan* — chosen as a notable book by the *New York Times Book Review*; *Rebel Souls* — selected as the outstanding biography of 2014 by the Victoria Society, finalist for the Marfield Prize, picked as one of the best books of 2014 by the *Kansas City Star* and *Choice* magazine

Harlow Giles Unger

DESCRIPTION:

A revealing biography of Dr. Benjamin Rush—fiery signer of the Declaration of Independence, prominent physician, ardent politician, zealous social reformer, passionate humanitarian, dedicated educator

Known primarily as America's most influential and leading physician, Rush was also among the first to call for the abolition of slavery, equal rights for women, free education and health care for the poor, city-wide sanitation facilities, an end to child labor, universal public education, prison reform, an end to capital punishment, and improved medical care for injured troops.

Using archival material found in Edinburgh, London, and Paris, as well as significant new materials from Rush's descendants, Harlow Giles Unger's startling biography is an important recounting of the Founding Father who never forgot America's forgotten people.

KEY SELLING POINTS:

New material for an entirely fresh take on an important Founding Father.
Biographies of the Founding Fathers is a very strong selling category.
Many interested reader constituencies: physicians and scientists; social reformers; mental health workers

MARKETING & PUBLICITY PLANS:

- Author Tour: New York City and Philadelphia

DESCRIPTION:

Memoir by the cofounder and former lead guitarist of heavy metal giants Judas Priest

With its distinctive twin-guitar sound, studs-and-leather image, and sales of over 50 million records, Judas Priest became *the* archetypal heavy metal band in the 1980s. Iconic tracks like "Breaking the Law," "Living after Midnight," and "You've Got Another Thing Coming" helped the band achieve extraordinary success.

As the band approaches its golden anniversary, fans will be able to delve backstage into the decades of shocking, hilarious, and haunting stories that surround the heavy metal institution. K.K. also recounts the life-changing moment when he looked at his bandmates on stage during a 2009 concert and thought, "This is the last show."

Edward G. Lengel

DESCRIPTION:

The most heroic and incredible story in American military history—World War I's "Lost Battalion" and the men who survived the ordeal, triumphed in battle, and fought the demons that lingered

Just weeks before World War I ended, in early October of 1918, six hundred men charged into the forbidding Argonne Forest. Against all odds, they surged through enemy lines—alone. They were soon surrounded and besieged. As they ran out of ammunition, water, and food, the battalion withstood constant mortar attack and relentless enemy assaults. Seven days later, only 194 soldiers from the original unit walked out of the forest. The stand of the "Lost Battalion" was—and remains—an unprecedented display of heroism under fire.

Character-rich, abundantly textured, tragic, uplifting, but always compelling, *Never in Finer Company* is a deeply moving and dramatic story on an epic scale.

KEY SELLING POINTS:

Published on the 100th Anniversary: October 2-8, 2018

Author's breakout book in the tradition of Patrick K. O'Donnell and Alex Kershaw: Edward Lengel creates a novelistic, cinematic, poignant, and intensely human drama, like some of today's finest military history.

Rachel Love Nuwer

DESCRIPTION:

An intrepid investigation of the criminal world of wildlife trafficking and of those fighting against it

Journalist Rachel Nuwer plunges the reader into the underground of global wildlife trafficking, a topic she has been investigating for nearly a decade. Our insatiable demand for animals—for jewelry, pets, medicine, meat, trophies, and fur—is driving a worldwide poaching epidemic, threatening the continued existence of countless species.

Through exhaustive first-hand reporting, Nuwer—an award-winning science journalist with a background in ecology—explores the forces currently driving demand for animals and their parts; the toll that demand is extracting on species across the planet; and the conservationists, rangers, and activists who believe it isn't too late to stop the impending extinctions.

KEY SELLING POINTS:

Superb Investigative Reporting

Adventure and Suspense: dangerous in-person and often undercover exploration; organized criminal bosses; endangered game wardens, biologists, and forensic scientists

Mark Felton

DESCRIPTION:

The astonishing story of American GIs joining forces with German soldiers in the closing days of World War II to save the world's finest horses

A German colonel sends a US intelligence officer an unusual report about a POW camp soon to be overrun by the Soviets. Locked up are over a thousand horses, including the entire herd of Lipizzaner's from Vienna's Spanish Riding School. The animals are worth millions and, if the starving Red Army reaches them first, they'll kill them for rations. Under the command of General Patton, whose love of horses was legendary, the Americans resolve to save the majestic creatures.

Drawing from newly unearthed material, *Ghost Riders* is the definitive account of this truly unprecedented and moving story of compassion at the close of humanity's darkest hour.

KEY SELLING POINTS:

New sources: Author Mark Felton taps unused archival sources, including, for the first time, German sources, family material, and interviews to present a fresh and accurate look at this surprising late war secret operation.

Devoted book buying readership: The military thriller genre includes not just fiction bestsellers but many nonfiction bestsellers, such as Ben Macintyre's books.

Eric Lerner

DESCRIPTION:

A memoir of the author's decades-long friendship with late singer, songwriter, novelist, and poet Leonard Cohen

When Leonard Cohen passed away, he left behind many who cared for and admired him, but perhaps few knew him better than longtime friend Eric Lerner. Lerner first met Cohen at a zen retreat where the two quickly bonded. Over the years the two shared a house and helped each other through the pains of divorce, the joys of raising children, and the ups and downs of the writing life. These two friends helped guide one another through life's myriad obstacles, and now that journey will be told from a new perspective for the first time.

Funny, revealing, self-aware, and grounded, *Matters of Vital Interest* offers further insight into Cohen's idiosyncratic style, his dignified life, his spiritual practices, and his sensibility as a poet first, musician second.

KEY SELLING POINTS:

Proven audience for books about Leonard Cohen: *I'm Your Man*, *The Holy or the Broken*
Support of Cohen's family
New perspective
Published on the anniversary of Leonard Cohen's passing (November 7, 2016).

ABOUT THE AUTHOR

Eric Lerner has written a memoir (*Journey of Insight Meditation*) about his experiences traveling to and living in Buddhist monasteries and communities in Asia and America. This background in the arcane led to his subsequent twenty-year career as a screenwriter and producer in Hollywood. Films with his name on them include *Bird on a Wire* and *Augustus*. Lerner lives in Boston.

Brian Posehn

DESCRIPTION:

A memoir of growing up and remaining a nerd by beloved comedian, actor, and writer Brian Posehn

Brian Posehn is a successful and instantly recognizable comedian, actor, and writer. He also happens to be a giant nerd. That's partly because he's been obsessed with such things as Dungeons & Dragons, comic books, and heavy metal since he was a child; the other part is because he fills out every bit of his 6'7" frame. Brian's always felt awkward and like a perpetual outsider, but he found his way through the difficulties of growing up by escaping into the worlds of *Star Wars*, D&D, comics, and by rocking his face off. He was a nerd long before it was cool, but his passions proved time and again to be the safe haven he needed to persevere and thrive in a world in which he was far from comfortable.

KEY SELLING POINTS:

Well-regarded celebrity: Brian is well-liked among both his fans and peers

Heavy metal crossover audience: Brian is a huge fan of and budding participant in the heavy metal scene with many connections

Great social media presence: Twitter — 356k followers; Facebook — 85k likes

Veteran writer: Longtime writer of film, television, and comic books

Celebrity connections: Sarah Silverman, Scott Ian of Anthrax, Bob Odenkirk

Flint Whitlock

DESCRIPTION:

From award-winning military historian Flint Whitlock, the first comprehensive account of the fighting at Anzio and the Alamo-like stand of American and British troops that turned defeat into a defensive victory

The Allied landings at Anzio six months before the Normandy invasion were intended as an "end run" around the stalemate that had developed in Italy. The planners hoped the Allied invasion would surprise the Germans and threaten their defensive line in southern Europe, but the invasion stalled a few miles inland and the Allies faced a five-month bloody fight. In the end, American and British troops accomplished one of the great defensive stands of all time, turning defeat into victory. Using previously unpublished archival material, award-winning historian Flint Whitlock reveals the entire allied and German campaign for the first time.

KEY SELLING POINTS:

75th anniversary of the battle: January through May of 1944

First comprehensive account of the Anzio campaign

New sources, new insight: Newly discovered letters from German soldiers; crucial role of the small town of Aprilia.

Churchillian title: Winston Churchill, referring to the Battle of Anzio, praised the American and British armies for their "desperate valour."

ALSO AVAILABLE:

Ebook / ISBN: 9780306825736 / Price: \$18.99 (\$23.99 CAN)

Jesse Jarnow

DESCRIPTION:

A socio-cultural biography of folk-pop legends the Weavers

Although it most noticeably affected the pop culture icons of Hollywood, the McCarthy era blacklists infiltrated the folk scene, as well. But this ostracizing by the government led to the group galvanizing their efforts and returning with a fury. Now often reduced to the concept of "protest music," the songs that the Weavers championed aimed to be a more systemic critique of culture through parable and community-building. A half-century later, the language, policies, and fears of the blacklist era are seeping back into public discourse, making this reexamination of an era of oft-forgotten cultural change even more crucial.

Author Jesse Jarnow uses his skill for weaving together seemingly disparate strands of counterculture history to craft an exciting rethink of the Weavers' role in popular music and to examine the strong link shared between art and activism.

KEY SELLING POINTS:

First biography of iconic folk group the Weavers

70th anniversary of the band: The Weavers were formed in November of 1948 by members Ronnie Gilbert, Lee Hays, Fred Hellerman, and Pete Seeger.

New sources: Author Jesse Jarnow has a wealth of new sources and interviews at his disposal, making *Wasn't That a Time* truly a fresh examination of this band and era.

DESCRIPTION:

A riveting account of three women who fought shoulder-to-shoulder with men in Afghanistan and worked with local women to restore their lives and village communities

They marched with 40-pound rucksacks on their backs, defended their units in deadly firefights, and did things their male counterparts never could—gather intelligence on the Taliban from the women of Afghanistan. As females they could cultivate relationships with Afghan women who were bound by tradition not to speak with American military men, and their work in local villages provided Afghan women with the education and financial tools necessary to rebuild their nation—and the courage to push back against those who wanted to destroy it. For the warriors of the military's Female Engagement Teams (FET) it was dangerous, courageous, and sometimes heartbreaking work. And like the men with whom they served, their battles were not over when they returned home.

KEY SELLING POINTS:

- Recent successful comps: *Shoot Like a Girl, Love My Rifle*
- The three primary subjects of the book are eager to assist with promotion
- Unique and different perspective on women in combat
- Author's relationship with *USA Today*

Jeffry D. Wert

DESCRIPTION:

From prominent historian and Pulitzer Prize finalist Jeffry D. Wert, a multi-biographical work of a remarkable yet largely unknown group of men whose contributions won the war and shaped America's future

Before the Civil War, America had undergone a technological revolution that made large-scale industry possible, yet the country remained largely rural, with only pockets of small manufacturing. Then the war came and woke the sleeping giant. The Civil War created a wave of unprecedented industrial growth and development, producing a revolution in new structures, ideas, and inventions that sustained the struggle and reshaped America. Utilizing extensive research in manuscript collections, company records, and contemporary newspapers, historian Jeffry D. Wert casts a revealing light on the individuals most responsible for bringing the United States into the modern age.

KEY SELLING POINTS:

An entirely new—and non-military—perspective on the Civil War: *Think Team of Rivals—not political rivals, but business rivals.*

First book to look at this group of men as a whole

Before the Robber Barons there were Civil War Barons: *Civil War Barons* is a fresh take on the war, focusing not on the military but on the many businessmen, industrialists, and bureaucrats who made victory possible.

ALSO AVAILABLE:

Ebook / ISBN: 9780306825132 / Price: \$17.99 (\$22.99 CAN)

Jeffry D. Wert is the author of eight previous books on Civil War topics, including most recently *Cavalryman of the Lost Cause* and *A Glorious Army*. His articles and essays on the Civil War have appeared in many publications, including *Civil War Times Illustrated*, *American History Illustrated*, and *Blue and Gray*. A former history teacher at Penns Valley High School, he lives in Centre Hall, Pennsylvania.

Bruce Gamble

DESCRIPTION:

The dramatic untold story of the first US Army Air Force unit to attack the Japanese after Pearl Harbor

In early 1942, while most of the American military was still in disarray from the devastating attacks on Pearl Harbor, a single squadron advanced to the far side of the world to face the perpetrators. Based in Australia and dubbed the Kangaroo Squadron, the pilots and crew had to deal with poor supplies and tropical diseases before facing an aggressive and numerically superior enemy. However, despite these hardships, the squadron proved remarkably resilient and successful, conducting bombing raids and reconnaissance missions, rescuing General MacArthur and his staff from the Philippines, and participating in the Battle of the Coral Sea. By reconstructing ample eyewitness accounts based on personal diaries, letters, new interviews, and memoirs as well as Japanese sources, historian Bruce Gamble brings to vivid life this dramatic true story.

KEY SELLING POINTS:

In the tradition of John Bruning's *Indestructible* and the books of Adam Makos

Legendary Air Force unit: The first American unit to strike back against Japan in the early days of World War II.

First comprehensive history of the exploits of the Kangaroo Squadron
Author is a well-known, well-established military historian

Ian Winwood

DESCRIPTION:

A group biography of '90s punk rock told through the prism of Green Day, The Offspring, NOFX, Rancid, Bad Religion, Social Distortion, and more

While many books, articles, and documentaries focus on the rise of punk in the '70s, few spend any substantial time on its resurgence in the '90s. *Smash!* will be the first to do so, detailing the circumstances surrounding the shift in '90s music culture away from grunge and legitimizing what many first-generation punks regard as post-punk, new wave, and generally anything but true punk music.

With astounding access to all the key players of the time, renowned music writer Ian Winwood will at last give this significant, substantive, and compelling story its due.

KEY SELLING POINTS:

Prevalence of punk: Punk rock remains a vital part of today's music scene.

Success of punk bios: *Under the Big Black Sun*, *Lonely Boy*, *NOFX, My Damage, Lobotomy*

Success of group bios: *Fire and Rain*, *Small Town Talk*, 27

Author access: Ian Winwood has interviewed many of the key characters from the '90s punk rock world and will be able to provide intimate, first-hand accounts.

Damien Lewis

DESCRIPTION:

From acclaimed thriller and war dog writer Damien Lewis comes the story of Smoky, the smallest and arguably bravest dog of World War II, who served as the US military's first therapy dog

In February 1944, as Japanese forces threatened to overwhelm New Guinea, a tiny Yorkshire Terrier was discovered hiding in the island's thick jungles. She was soon adopted by US Army Air Force Corporal William "Bill" Wynne, an air-crewman in a photo reconnaissance squadron, and became a lucky charm for the unit. When Smoky saved Wynne's life by barking a warning of an incoming shell, he nicknamed her the "angel from a foxhole." In *Smoky the Brave*, award-winning author Damien Lewis brings to vivid life the danger and excitement of the many missions of World War II's smallest hero.

KEY SELLING POINTS:

Established readership and community

Well-regarded and media-savvy author

New and unseen material: Unpublished material and new interviews with participants, including Smoky's best friend Bill Wynne.

Media interest in the author's works: Many of the author's previous books are in development for film and television.

Mark Blake

DESCRIPTION:

The authorized biography of the most notorious rock manager of all time, Peter Grant, best known for his work with Led Zeppelin, by the author of *Comfortably Numb*

Peter Grant is *the* most famous music manager of all time. Acknowledged as the "fifth member of Led Zeppelin," Grant has appeared in fragments across countless Zeppelin biographies, but none have explored who this brilliant and intuitive manager yet flawed and sometimes dangerous man truly was.

With support from Grant's family, new interviews with Led Zeppelin's surviving band members, and access to Grant's extensive archives, Blake sets out to not only shed new light on the history of Led Zeppelin but also on the wider story of rock music in the '60s and '70s. *Bring It On Home* is a celebration, a cautionary tale, and a compelling human drama.

KEY SELLING POINTS:

- 50th anniversary of Led Zeppelin: 2018 marks the golden anniversary of the band most closely associated with Peter Grant.
- Told with the full cooperation of Peter Grant's estate
- First solo biography of Zeppelin's famed manager
- New revelations and insights

DESCRIPTION:

A skewering of the American underbelly by the *New York Times* bestselling author

Corey Taylor begins *America 51* with a reflection on what his itinerant youth and worldwide travels have taught him about what it means to be an American in an increasingly unstable world. He examines the way America sees itself while also celebrating the quirks and behaviors that make a true-blue American. But behind Taylor's ranting and raving is a thoughtful and intelligent consideration, and even a sadness, of what America is compared to what it could and should be.

Expertly balancing humor, outrage, and disbelief, Taylor examines the rotting core of America, evaluating everything from politics and race relations to modern family dynamics and "man buns." No element of what constitutes America is safe from his adept and scathing eye.

KEY SELLING POINTS:

New York Times bestselling author

Captures America at a weird juncture: Taylor captures the tenor of the times in a tone that is outrageous, hilarious, and deadly accurate.

DESCRIPTION:

An epic narrative of World War II naval action that brings to life the sailors and exploits of the war's most decorated destroyer squadron

When Admiral William Halsey selected Destroyer Squadron 21 to lead his victorious ships into Tokyo Bay to accept the Japanese surrender, it was the most battle-hardened US naval squadron of the war. But it was not the squadron of ships that had accumulated such an inspiring resume; it was the people serving aboard them. Sailors, not metallic superstructures and hulls, had won the battles and become the stuff of legend.

Through diaries, personal interviews with survivors, and letters written to and by the crews during the war, preeminent historian of the Pacific theater John Wukovits brings to life the human story of the squadron and its men who bested the Japanese in the Pacific and helped take the war to Tokyo.

KEY SELLING POINTS:

Doug Stanhope, Dr. Drew Pinsky

DESCRIPTION:

An unfiltered, unapologetic, hilarious, and sometimes obscene assemblage of tales from the author of *Digging Up Mother*

Doug Stanhope has been drunkenly stumbling down the back roads and dark alleys of stand-up comedy for over a quarter of a century, roads laden with dank bars, prostitutes, cheap drugs, farm animals, evil dwarfs, public nudity, psychotic breaks, sex offenders, and some understandable suicides. You know, just for levity. And while other comedians were seeking fame, Stanhope was seeking immediate gratification, dark spectacle, or sometimes just his pants.

In *This Is Not Fame*, Stanhope spares no legally permissible detail, and his stories couldn't be told any other way. They're weird, uncomfortable, gross, and fucking funny. This isn't a story of overcoming a life of excess, immorality, and reckless buffoonery. It's an outright celebration of it. For Stanhope, the party goes on.

KEY SELLING POINTS:

Stanhope's fan base is as loyal as they come.

Social media: Twitter — 295k followers; Facebook — 190k likes

A great American humorist: In the tradition of Bill Hicks, George Carlin, and Richard Pryor, Stanhope doesn't tell jokes so much as call the world out on its hypocrisy, which has earned him a true and devoted following

DESCRIPTION:

The Little Book of Hygge meets *The Nature Fix* in this fun, accessible guide to achieving better health and stronger relationships by reconnecting with nature.

Spending time outside can improve the immune system, beat stress hormones, lower blood pressure, and boost self-esteem. Yet our everyday lifestyles have distanced us from the great outdoors. *Forest Therapy* shares why getting back to nature is critically important for our well-being, and offers fun, easy practices to break out of hibernation. From a simple walk in the woods and countryside couples' therapy to DIY natural beauty products and simple ways to bring the outdoors into your home, you'll find practical ways to tap into nature's restorative power all year round. Illustrated with charming black-and-white line art, *Forest Therapy* is a warm, witty, and personal guide to improving your health, deepening your relationships with your partner and kids, and living a fabulous al fresco life.

KEY SELLING POINTS:

A global wellness trend: From Japanese *shinrin-yoku* to Scandi *friluftsliv*, forest therapy (AKA "forest bathing") is a growing trend.

Unlike the competition: Comps on forest bathing are more serious or steeped in meditative practice.

A practical guide with giftable appeal: *Forest Therapy* combines the science of wellness with practical advice and charming spot illustrations.

DESCRIPTION:

How parents can maximize quality time with their children during a two-hour window every day—with easy tips covering dinner to bedtime

At a time when people feel pulled in many directions and bombarded by a constant flow of information, *Prime-Time Parenting* provides a realistic framework for parents to be truly present for their children during their formative years. There is a lot to accomplish in the evening hours after work and school. By focusing on parenting exclusively between the hours of around 6-8pm, we can meet our children's emotional, nutritional, social and educational needs. After 8pm, parents can turn their attention to themselves and to each other. The result is stronger, happier families, a less stressful home life, and healthy, secure children who do their very best at school.

KEY SELLING POINTS:

Relevant in an age of screens: Parents are concerned about their children's use of technology—this book will provide an easy-to-implement blueprint for setting healthy boundaries.

Practical advice for everyone: The two-hour window from dinner to bedtime is a realistic framework for most parents; the author's advice is easy to follow.

DESCRIPTION:

Available for the first time in full color, the up-to-date and authoritative pregnancy guide that has sold 1.5 million copies—by recognizing that "one size fits all" doesn't apply to maternity care. Unlike pregnancy guides that can overwhelm by telling you all the things that can go wrong, this book first describes normal, healthy processes, their typical variations, and the usual care practices for monitoring them. Only then does it cover possible complications and the care practices and procedures for resolving them. The presentation is crystal-clear, the tone is reassuring, and the voice is empowering. The language is inclusive, reflecting today's various family configurations such as single-parent families, blended families, families with gay and lesbian parents, and families formed by open adoption or surrogacy. From sensible nutrition advice to realistic birth plans, from birth doulas to cesareans, from reducing stress during pregnancy to caring for yourself as well as your baby after birth, this pregnancy guide speaks to today's parents-to-be like no other.

KEY SELLING POINTS:

Strong track—now available in color: Previous editions have sold nearly 1.5 million copies—and for the first time the print book will be available in full color.

Informs, doesn't scare—and is inclusive: It reflects the needs of more modern families, such as single-parent families and open-adoption or surrogacy parents.

DESCRIPTION:

A breakthrough program for triathletes—beginner, intermediate, and advanced—showing how to balance training intensity to maximize performance, from a fitness expert and elite coach

Cutting-edge research has proven that triathletes and other endurance athletes perform their best when they do 80 percent of their training at low intensity and the remaining 20 percent at moderate to high intensity. But the vast majority of recreational triathletes are stuck in a "moderate-intensity rut," spending almost half of their time training too hard—harder than the pros. Training harder isn't smarter; it actually results in low-grade chronic fatigue that prevents the best results. In *80/20 Triathlon*, Matt Fitzgerald and David Warden lay out the real-world and scientific evidence, offering concrete tips and strategies, along with complete training plans for every distance. Benefits include reduced fatigue and injury risk, improved fitness, increased motivation, and better race results.

KEY SELLING POINTS:

Expert authors: Both Fitzgerald and Warden train pros and recreational triathletes—Fitzgerald is a trusted fitness expert and writer; his books have sold a combined 750,000 copies worldwide.

Large target audience: Over 500,000 Americans participated in at least one triathlon event in 2016, and the trend is only growing.

Claire Bidwell Smith

DESCRIPTION:

A groundbreaking book exploring the little-known yet critical connections between anxiety and grief, with practical strategies for healing, following the renowned Kübler-Ross stages model

Anxiety disorders are on the rise; many people are looking for resources to help them cope, yet most aren't aware that unresolved grief is a primary underpinning of it—or that the two are related at all. In her therapy practice and in her own life, Claire Bidwell Smith discovered the connections between anxiety and grief. Now, backed by research and case studies Bidwell Smith delves into the roots of anxiety, giving readers a concrete foundation of understanding. Stepping beyond Elisabeth Kübler-Ross' five stages, *Anxiety: The Missing Stage of Grief* offers tools and strategies for coping with panic attacks, anxious thoughts, and more, bridging these two emotions in a way that is deeply empathetic and eminently practical.

KEY SELLING POINTS:

A revelatory approach: No one is talking about the link between anxiety and grief like this. Her approach will appeal to readers of Kübler-Ross, Ira Byock, Frank Ostaseski, and others—both lay and professional.

Big name support: Cheryl Strayed, Dr. Sanjay Gupta, Hope Edelman, and Lucy Kalanithi, are some of Claire's high-profile friends who will support the book.

Michael Hebb

DESCRIPTION:

For readers of *Being Mortal* and *When Breath Becomes Air*, the acclaimed co-founder of Death over Dinner offers a practical, inspiring guide to life's most difficult yet important conversation.

Of the many critical conversations we will all have throughout our lifetime, few are as important as the ones discussing death—and not just the practical concerns, such as DNRs and wills, but what we fear, what we hope, and how we want to be remembered. Inspired by his experience with his own father and countless stories from others, Michael Hebb cofounded Death Over Dinner to encourage people to really talk about the one thing we all have in common. *Let's Talk About Death (over Dinner)* offers practical advice on how to have these conversations—not just at the dinner table, but anywhere. Hebb shares time- and dinner- tested prompts to use as conversation starters, ranging from the spiritual to the practical, from analytical to downright funny and surprising. Transforming these conversations not only can change the way we die, but the way we live.

KEY SELLING POINTS:

Significant connections: Hebb has collaborated with Atul Gawande, Lucy Kalanithi, Ira Byock, among others—and hosted Citizenship Over Dinner with President and Mrs. Obama in Chicago.

Newsworthy: From the Death with Dignity movement to books like *Being Mortal*, end-of-life care and death are hot media topics.

Stephanie Moulton Sarkis, PhD

DESCRIPTION:

A mental health expert sheds light on "gaslighting"—the manipulative technique used by sociopaths, narcissists, and others—offering practical strategies to cope and break free.

Gaslighting is a technique of manipulating others to gain control, often practiced by those with personality disorders (including Narcissistic Personality Disorder, Antisocial Personality Disorder, and Borderline Personality Disorder). Whether it's a spouse, parent, coworker, or friend, gaslighters use a series of tactics to distort the truth—from lying, controlling, withholding, and more—making their victims question their own reality. Dr. Sarkis devotes chapters to specific scenarios, such as gaslighting in dating, at work, in families, and in sexual abuse and domestic violence. With practical tips and strategies, *Gaslighting* will help anyone trapped in a toxic relationship to break free and heal.

KEY SELLING POINTS:

Trending topic: Dr. Sarkis's article on the gaslighting went viral—garnering more than 3.64 million views. It's a term that's now lingua franca, especially in the light of #metoo.

Strong comps: Books on personality disorders and how to cope tend to have long backlist lives. *Gaslighting* will appeal to the same vast audience.

Provisions

The Roots of Caribbean Cooking—150 Vegetarian Recipes

Michelle Rousseau, Suzanne Rousseau

DESCRIPTION:

A lush, modern vegetarian cookbook celebrating the bold flavors and unique ingredients of the Caribbean.

In *Provisions*, Michelle and Suzanne Rousseau share 130 recipes that pay homage to the meals and market produce that have been farmed, sold, and prepared by Caribbean people—particularly Caribbean women—for centuries. Caribbean food is often thought of as rustic and unrefined, but these vibrant vegetarian dishes will change the way we think about this diverse, exciting, and nourishing cuisine. The pages are spiced with the sisters' fond food memories and fascinating glimpses of the islands' histories, bringing the region's culinary past together with creative recipes that represent the best of Caribbean food today. Stunning full-color photographs showcase the variety of these dishes: hearty stews, easy one-pot meals, crunchy salads, flavorful pickles, preserves, and hot sauces, sumptuous desserts, cocktails, and more.

KEY SELLING POINTS:

Vegetarian recipes

Feminist history—in a cookbook: *Provisions* delves into the rich history of food and culture experienced by women in the Caribbean.

DESCRIPTION:

For readers of *On Trails*: an incisive, utterly engaging exploration of walking: how it is fundamental to our being human, how we've designed it out of our lives, and how it is essential that we reembrace it.

Have you heard? Sitting is the new smoking. Driven by a combination of a car-centric culture and an insatiable thirst for productivity and efficiency, we have been designing walking out of our lives for nearly a hundred years—and there's a national conversation about the dangers of our increasingly sedentary lifestyles. Delving into science, history, and anecdote—from our origins as hominins to our first baby steps, to universal design and social capital, to walking as protest and our very concepts of self and community, *A Walking Life* shows exactly how essential this deceptively simple pedestrian act truly is.

KEY SELLING POINTS:

Casts a wide net: Whether you are urban or rural, commute by train, car, bus, or foot, walking covers common ground. Malchik unpacks how it is essential to our creativity, our brain development, and to our sense of belonging.

A promising new voice: Malchik's lyrical prose and keen ability to disseminate research and "big ideas" combine for a unique, riveting book.

Harriet Brown

DESCRIPTION:

A riveting, provocative, and ultimately hopeful exploration of mother-daughter estrangement, woven with research and anecdotes, from an award-winning journalist.

Family estrangements are surprisingly common—yet are often shrouded in secrecy, stigma, and shame. Harriet Brown's family is just one example. The day of her mother's funeral, Harriet was five thousand miles away, a culmination of years of distance between them. Yet Harriet felt her death deeply, embarking on an exploration of what estrangement means—to those who cut off contact, to those who are estranged, to the friends and family members who are on the sidelines. *Shadow Daughter* tackles this taboo subject with fierce candor, honesty, and wit, for a deeply researched and essential exploration of the ties that bind and break, forgiveness and reckoning, and what family really means.

KEY SELLING POINTS:

Unpacks a taboo topic: The *Chicago Tribune* cites family estrangement as an epidemic. This book opens a dialogue that many people want—and need—to have.

Mother-daughter relationship: There's no shortage of literature on mother-daughter relationships. Brown shares key research; as a gifted memoirist, her narrative will speak deeply to others who have similar stories.

DESCRIPTION:

100+ self-care hacks for any mom to eat right, move more, stress less and get a good night's sleep, by a doctor who is also a mom

Somewhere along the way between pregnancy test and delivery, coordinating school pickup, wiping noses, and incorporating workplace demands, the health of the mother takes a backseat. *Mom Hacks* changes all that. Author Dr. Darria Gillespie outlines five building blocks (Purpose, Nutrition, Exercise, Sleep and Stress) and over 100 tips to lead mothers into peak health, rest, and vibrancy. Similar to popular bestsellers such as *The 4-Hour Body*, *Mom Hacks* offers a useful guide to health and fitness, addressing the question: what are the tiniest changes that produce the biggest results? Here, the answers come from a doctor who is also a mom.

KEY SELLING POINTS:

Media commitment from big names: Dr. Oz commits to supporting *Mom Hacks*. Sharecare has agreed to promote the book on its online platforms and to its nearly 1 million subscribers.

Simple, doable hacks: The format of this book will appeal to mothers who don't have a lot of time and are looking for simple, small actions to achieve every day.

Manhattan, NY

Raphael Kellman, M.D.

DESCRIPTION:

A groundbreaking, medication-free, scientifically based approach to healing depression, anxiety, and brain fog by focusing on your "whole brain"—the brain, the gut, the microbiome, and the thyroid.

There is a fundamental connection between the brain, the gut, the microbiome, and the thyroid: if any one part of this "whole brain" system is malfunctioning, it will impact the others. Based on his decades of experience as a physician and his ongoing study of the latest science, Dr. Kellman gives a lively, accessible explanation of why you need to heal this system for optimal brain health. He then shares the Whole Brain program, a practical plan that offers drug-free relief to anyone suffering depression, anxiety, and other mood disorders, as well as those who just want to feel better.

KEY SELLING POINTS:

Solid track: Sales of Kellman's first book *The Microbiome Diet* have been consistently strong. Kellman's platform continues to grow.

Drug-free way to fight mental illness: There is increasing discussion on natural remedies for mental illness; while not anti-meds, the book offers ways of healing that are natural—and can be used to complement current meds regimens.

ALSO AVAILABLE:

Ebook / ISBN: 9780738219486 / Price: \$17.99 (\$22.99 CAN)

An internist and pioneer in holistic medicine, **Dr. Raphael Kellman** is the founder of the Kellman Center for Functional and Integrative Medicine. Dr. Kellman lives with his family in Manhattan.

Megan Jayne Crabbe

DESCRIPTION:

For generations, women have been convinced that true happiness comes when we hit that goal weight, shrink ourselves down, and change ourselves to fit an unrealistic beauty ideal. We've been taught to see our bodies as collections of problems that need to be fixed.

In her debut book, Megan Jayne Crabbe is determined to spread the word that loving the body you have is the real path to happiness. An international body positive guru, Megan spent years battling eating disorders and weight fluctuations before she found her way to body positivity. She quit dieting, found a new kind of confidence, and replaced all those old feelings of body shame and self-recrimination with everyday joy.

With whip-smart wit and a bold attitude that lights up her Instagram feed, Megan champions a new worldview for all of us.

Tanya Carroll Richardson

DESCRIPTION:

A warm and relatable teen guide to reducing anxiety, depression, and panic with 40 tips and tricks that guide, support, and inspire kids to prioritize their mental health.

In the last decade, studies have reported a rise in teens who experience anxiety, panic, and an inability to cope with the pressures of daily life. The good news is that as mental health challenges become less stigmatized, young people are more likely to know how to identify their feelings and ask for help. Even celebrity teen icons like Selena Gomez are "coming out" as anxiety sufferers, and talking about their experiences.

Zen Teen addresses this epidemic with coping mechanisms and creative tools designed for the teenage mind.

KEY SELLING POINTS:

Addresses a national epidemic: Teen anxiety is rising nationwide and is often covered in national publications as an emerging crisis.

Teen friendly: Pushing aside clinical jargon, Zen Teen addresses teens on their level.

DESCRIPTION:

Feminine traits that were once seen as weaknesses—such as sensitivity, intuition, and feeling emotional—are reclaimed as powerful strengths that can be embraced as the keys to a happier life.

Challenging old perceptions that feminine traits are flawed, The Feminine Revolution revisits those attributes to show how they are powerful and should be embraced rather than maligned.

Authors Amy Stanton and Catherine Connors begin with a brief history on how these assets were defined as weaknesses, share opinions from iconic feminists like Samantha Bee, Sheryl Sandberg, and Misty Copeland, offer a set of feminine principles that challenge unfair perceptions of feminine traits, and provide women with new mindsets to reclaim those traits with confidence.

KEY SELLING POINTS:

Powerful allies: The authors have access to influencers Sheryl Sandberg, Samantha Bee, Marianne Williamson, Brené Brown, and others.

Capitalizes on the pop-feminist trend: Offers a counter-intuitive message about the value of feminine traits: crying openly, embracing glamour, and chatting with friends.

Catherine Connors was Editor in Chief of Babble and head of content for Disney Interactive's Women and Family portfolio. She lives in Los Angeles.

Amy Stanton was the CMO at Martha Stewart Living Omnimedia. She is a frequent speaker on the topics of women, sports, feminism, and lifestyle. She lives in Southern California.

DESCRIPTION:

A New York Times' science reporter's investigation into the riveting and distinctive nature of women's friendships, and how they shape the culture at large.

In Girl Talk, Jacqueline Mroz examines friendship how friends tend to share more genetic commonalities than strangers, and that the more friends we have, the more empathy and pleasure chemicals are present in our brains. Scientists have also reported that friendship directly influences health and longevity; women with solid, supportive friendships experience fewer "fight or flight" impulses and stronger heart function, and women without friendships tend to develop medical challenges with those linked to smoking and excessive body weight.

With intimate reporting and insightful analysis, Mroz reveals new awareness about the impact of women's friendships and how they affect us on a larger scale.

KEY SELLING POINTS:

Foreword by Claire Messud: New York Times bestselling author of *The Burning Girl* and *The Woman Upstairs*.

Amy Westervelt

DESCRIPTION:

A clear-eyed look at the American history of motherhood—and a blueprint for fixing the unequal and biased treatment that exists as a result.

After filing a story for a journalism assignment only two days after giving birth, Amy Westervelt had a revelation: we treat mothers like crap in this country. From short maternity leave to gender-based double standards, emotional labor to the wage gap, Westervelt became determined to understand how we got here—where "having it all" is the fabled, hollow, unreachable goal.

In *Forget "Having It All,"* Westervelt traces the roots of our problems back to the founding of our nation and through the changing roles of men and women since. Using this backdrop, she draws out what we should replicate from our past, and what we must begin anew as we overhaul American motherhood.

KEY SELLING POINTS:

TIMELY SUBJECT: Westervelt's piece, *Having It All Kinda Sucks*, was shared tens of thousands of times and translated into 20 languages.

TALENTED AUTHOR: The author is an award-winning journalist with nearly two decades of experience and bylines including *Elle*, *Smithsonian*, and a column for *The Guardian* and regular contributions to the *Wall Street Journal*.

DESCRIPTION:

A provocative look at women, sex, and lying—why myths about women's deceit persist, how they form, and ultimately why we must trust women.

When we talk about sex, we talk about women being shady and dishonest. Women lie about orgasms. Women lie about being virgins, about who got them pregnant, about being raped—the list goes on. We're reminded that, on dates, in relationships, and chiefly in the bedroom, women aren't telling the truth. But where does this belief come from?

Alptraum raises key questions: are lying women all that common—or is the idea of dishonest women a sign of male paranoia? Are they trying to please men, or trying to trick them? And what affect does this deceit have on women's self-images, status, and safety?

KEY SELLING POINTS:

Timely Topic: The tropes around women lying, the truth that women, at times do lie—a revelation that will spark debate and tie-in to the news cycle.

Christa Santangelo

DESCRIPTION:

A guide for families to thrive in the riotous teen years—and the culmination of the author's experience in both conventional psychology and alternative methods.

Dr. Christa Santangelo has seen relationships ruined by the emotional storm that teenagers can inflict on a family. Yet she also realizes how that conflict can be fixed between parents and teens. In *A New Theory of Teenagers*, she gives parents the advice, tips and support needed to see the teen years as opportunities for growth and positive relationships. With counterintuitive steps she offers hope and liberation. Santangelo asserts that parents have a greater impact on conflict with their teen than they may realize and gives parents back the power they have to shift the situation to harmony.

KEY SELLING POINTS:

DESCRIPTION:

A powerful source of healing for girls and young women who have experienced sexual abuse, *Invisible Girls* offers young women hope for recovery and justice.

One in four girls will experience sexual abuse by the time she is sixteen, and 48 percent of all rapes involve a young woman under the age of eighteen. In a society where sexual abuse is rampant, many women never share their stories.

In her pioneering work with young survivors for the last thirty years, Dr. Patti Feuereisen has helped teen girls and young women find their voices and become visible. In her third edition, Dr. Patti's guidance and the girls' powerful stories create a hopeful message: Healing is possible if girls learn to share their stories in their teens and early twenties. With a new introduction, new chapters, and updated resources.

KEY SELLING POINTS:

Groundbreaking coverage: Addresses newfound national attention to sexual abuse, including the sentencing of Larry Nassar in the horrifying USA Gymnastics scandal

Widely regarded as the go-to book for healing sexual trauma: A primary source of guidance for victims, therapists, resource centers, justice activists,

DESCRIPTION:

Shocking ways women limit themselves and their happiness, and how to change the adopted wisdom and circular thinking that holds us back.

As women, many of us are stuck in loops about how to be successful and happy: striving to "have it all" at work and at home, imagining a linear life path (college, job, marriage, kids), and accepting limitations without pause. Yet the truth is most of the traditional wisdom about driving our life choices is total baloney.

In Everything Is Negotiable, Meg Myers Morgan criticizes preconceived views on adulthood, parenthood, and career paths that have us limiting ourselves. With wit and verve, Morgan tells us to forget trying to "have it all,"—it'll never happen. Instead, this book teaches us to navigate life's necessary trade-offs free of the baggage of our own expectations.

KEY SELLING POINTS:

Author on the Rise: Morgan's assembly of personal essays, *Harebrained*, was ranked one of Amazon's Top 10 humor books, and awarded a gold medal from the Independent Publishers Book Awards.

DESCRIPTION:

A vital and sweeping examination of today's "boy crisis," demonstrating the ways in which we raise boys into a culture of toxic masculinity and offering solutions that can liberate us all

Whether they're being urged to "man up" or warned that "boys don't cry," young men are subjected to damaging messages about manliness: they must muzzle their emotions and never show weakness, dominate girls and compete with one another.

Boys: What It Means to Become a Man examines how these toxic rules can hinder boys' emotional and social development. If girls can expand the borders of femaleness, could boys also be set free of damaging expectations about manhood and masculinity? Could what's been labelled "the boy crisis" be the beginning of a revolution in how we raise young men?

KEY SELLING POINTS:

Cultural hot-button topic: In the age of #metoo, *Boys* addresses the hot-button topic of toxic masculinity, the boy crisis, and how we raise boys into men

DESCRIPTION:

Revised and updated, this anthology offers portraits of American life through the eyes of young women of color.

Decades since feminism was turned upside down, exposing the movement as exclusive, white, and unaware of the concerns of women of color, key social movements have risen, including Black Lives Matter, transgender rights, and the activism of young undocumented students. Yet we remain a nation divided by race and gender.

Now, a new generation of women of color offer a fresh look at the future of feminism. Daisy Hernandez and Bushra Rehman have gathered a diverse group of emerging writers who speak to the strength of community and the influence of color, to borders and divisions, and to the issues that need to be addressed to reach an era of racial freedom.

Samantha Seiple

DESCRIPTION:

An intimate look at Little Women author Louisa May Alcott's time as a Civil War nurse, and the implications her service had on her writing and activism.

Louisa on the Frontlines is the first narrative nonfiction book focusing on the least-known aspect of Alcott's career as a Civil War nurse. This dramatic experience was pivotal in helping her write the classic Little Women. Through it all, she kept a journal and wrote letters to her loved ones. Her subsequent book, Hospital Sketches spotlighted the conditions of the military hospitals and the suffering endured by wounded soldiers. The work is still considered a pioneering account of military nursing.

KEY SELLING POINTS:

New Angle on Cult Favorite: Alcott is a feminist icon, whose *Little Women* has been named to countless best-of lists and inspires films and adaptations.

Fresh Wave of Attention: PBS and BBC are joint-producing a three-part adaptation of *Little Women*, set to debut in May 2018. We'll tie our book to the fresh round of attention to Alcott.

BINDING INFORMATION

Little, Brown and Company publishes all new hardcover children's titles in a single edition. Most titles for the younger age are bound in Little, Brown Bindings. Little, Brown Bindings are Smyth or side sewn through sturdy cloth strips. Books with library bindings (side sewn with Cambric reinforcement) are described as such on the catalog page. Little, Brown does not distinguish special terms for library bindings. Regular trade bindings for books for older age levels are Smyth or side sewn or adhesive bound without special reinforcement in a variety of cover materials, including full cloth and durable paper or nonwoven book coverings.

PRODUCT-SAFETY INFORMATION

Safety is an important priority for Hachette Book Group. For this reason, when we publish non-traditional children's books—that is, books with Novelty elements—we require the vendors of the Novelty components to assure us that the components meet prevailing safety guidelines. Beyond that, we test each Novelty book at an independent testing facility ourselves to assure strict adherence to safety standards. Additionally, each product is labeled with the suggested age range along with any warnings applicable to the suggested age range.

Our goal is to produce entertaining, educational, and informative books that readers can enjoy without risk of injury. We take our responsibility seriously, and appreciate your support of Hachette Book Group.
