

Sisters First

STORYTIME KIT

ACTIVITIES

Sidewalk Chalk

Share the magic of sisterhood with your community! Use sidewalk chalk to write SISTERS FIRST outside your store, library, school, or home. Then invite everyone to decorate the message and share what they love most about their sisters.

Flower Crowns and Superhero Capes

Whether playing princesses in a castle or superheroes saving the galaxy, sisters are the best partners in crime—and imagination! Dress the part by creating flower crowns and superhero capes. Glue fake flowers to a headband for a super simple flower headpiece. Scarves and towels can be tied around your shoulders for a cape that is fit to save the world.

Crazy Concoctions

Your favorite food might be pickles with sprinkles, while your sister loves apples and cheese. Ask everyone to bring their ultimate snack time specialty to storytime. Share your favorite food and you just might discover a brand-new treat! As always, make sure to be careful of any allergies beforehand, so that everyone can enjoy.

Fancy Fort

What better way to spend a storytime than in a fort? Grab the biggest, poofiest pillows possible and create a cozy reading nook. Bookshelves can help create walls and blankets can create tall, draped ceilings. Encourage everyone to share their favorite books with the group. Sisters make great reading buddies!

Sisters First

PRAYER

Share this prayer with all the wonderful sisters in your life! Print out and decorate the message below and send it to someone special. Or you can hang it up somewhere as a reminder of all the amazing sisters out there!

*Please make us kind, with enormous hearts,
clever too, and very smart.*

*With soft hands to hold and warm arms to hug,
and gentle eyes that show deep love.*

*Accepting and patient, yet strong in our views,
hopeful and joyful in all that we do.*

*And through many days, the best and the worst,
help us remember we are*

Sisters First.
