Class _____

Team Name _____

Survivor Science—Challenge Sheet

Challenge # _____

(Write what the challenge is in your own words.)

Brainstorm Ideas (How could your team solve this challenge?)

Results (What went well? What didn't go well?)

Questions/Reflection (What questions do you have? What do you want to remember for tomorrow's challenge?)

VOTING CARDS *Max Einstein: Saves the Future*

Challenge #1

Your Team Name

Which team are you voting off?

Why are you choosing that team?

Challenge #2

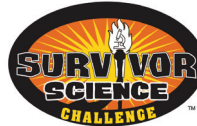

Your Team Name

Which team are you voting off?

Why are you choosing that team?

Challenge #3—Final Challenge

Your Team Name

Which team should be the Ultimate Survivor Science Team?

Why are you choosing that team?

Team Name _____

Max Einstein: Saves the Future
By James Patterson and Chris Grabenstein

Project Proposal: Helping Hunger

Introduction (Describe the issue surrounding hunger. Be as specific as possible.)

Motivation (What inspired you to come up with this particular idea?)

Project Summary (How can you make others more aware of hunger issues in your school/community?)

Project Details (What are you going to do? Be sure to include specific steps.)

Challenges (What challenges do you expect to face? How will you deal with those challenges?)

CONGRATULATIONS!

Your team survived the island and is now named
ULTIMATE SURVIVOR SCIENCE TEAM.
