

1. Print out boat page (8.5x11in paper)

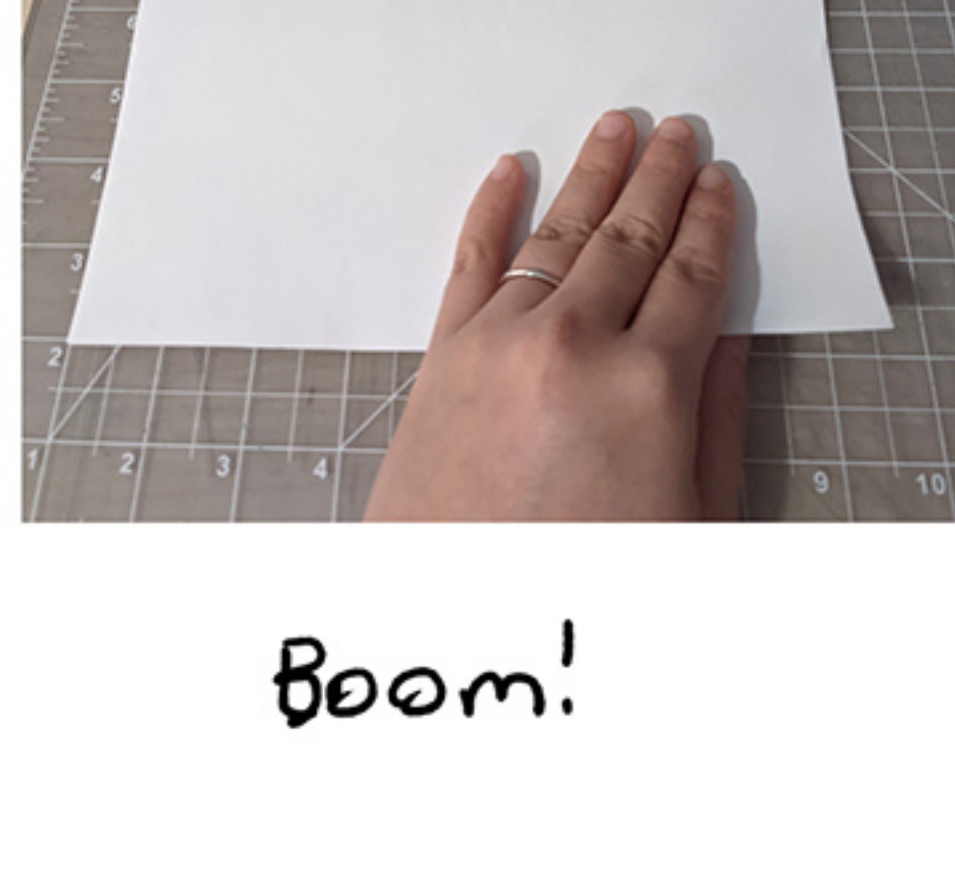

2. Rotate on side, Fold in half.

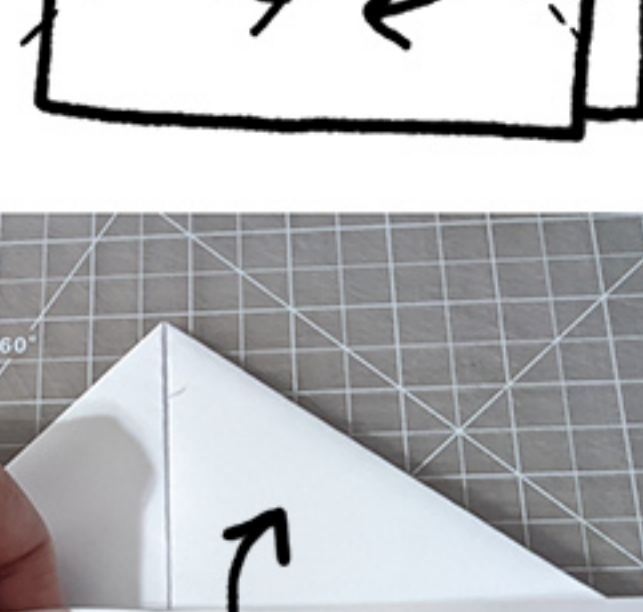

3. Crease fold.

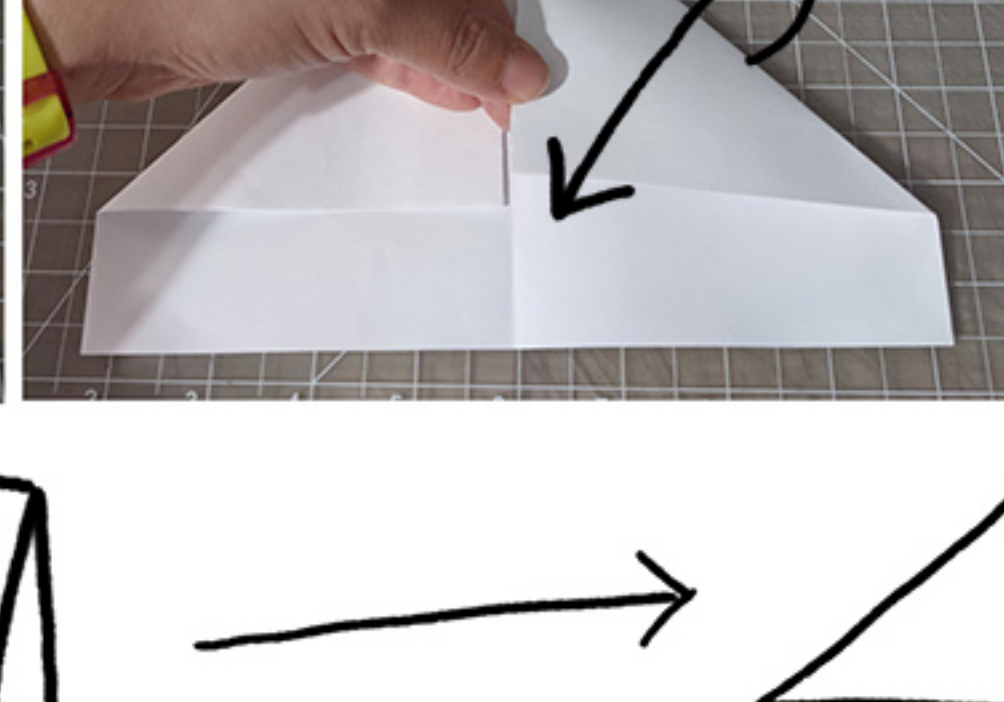

4. Pick up, rotate on side, and flip over to other side.

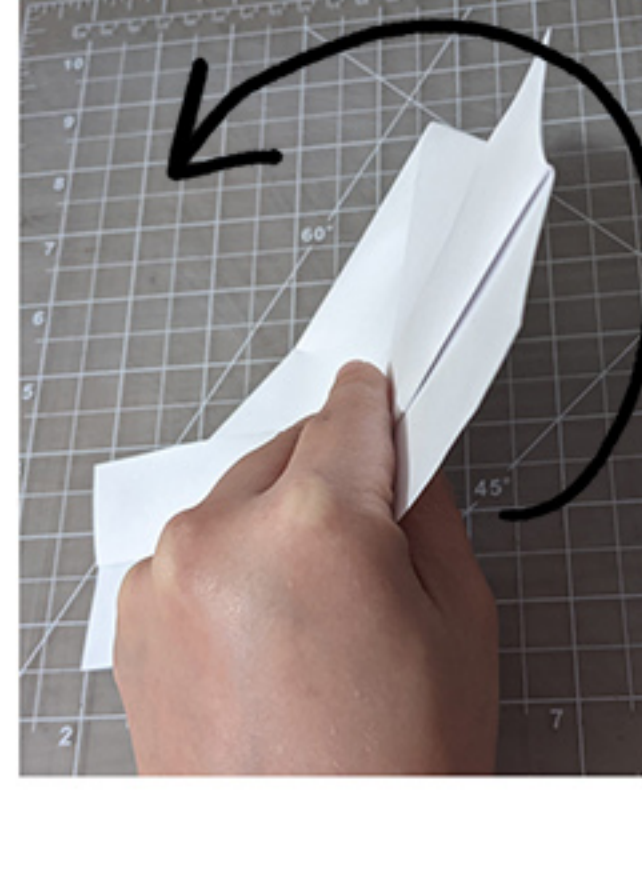

5. Fold down corners:

Boom!

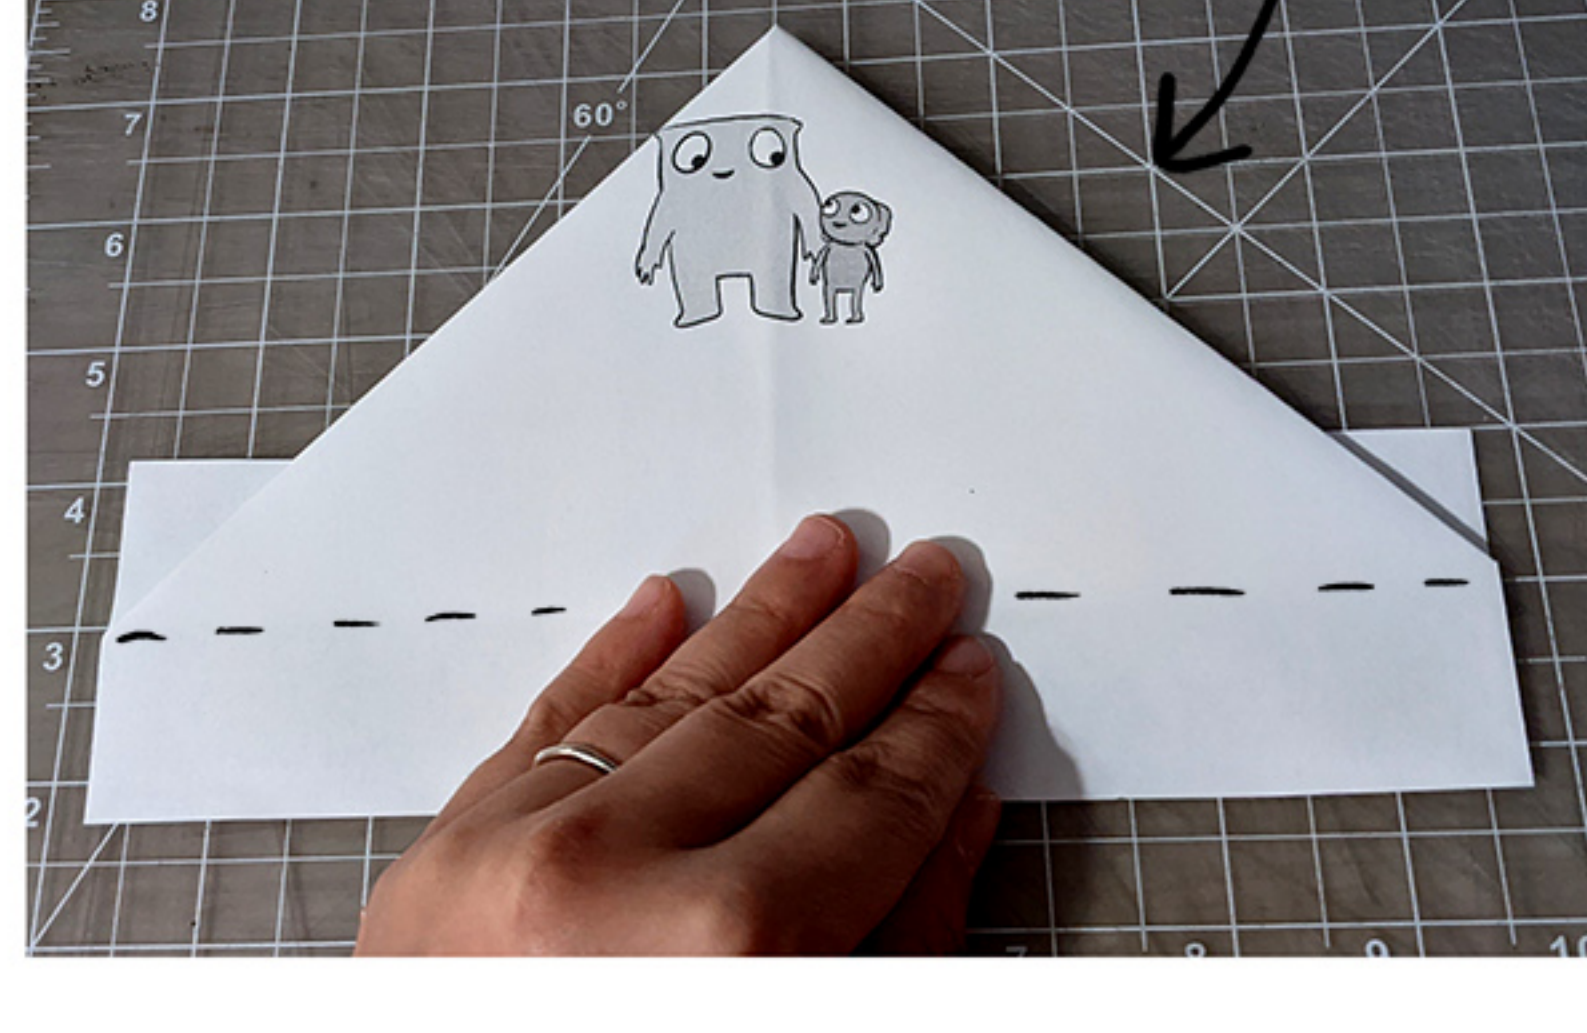

6. Fold bottom lip of boat + crease

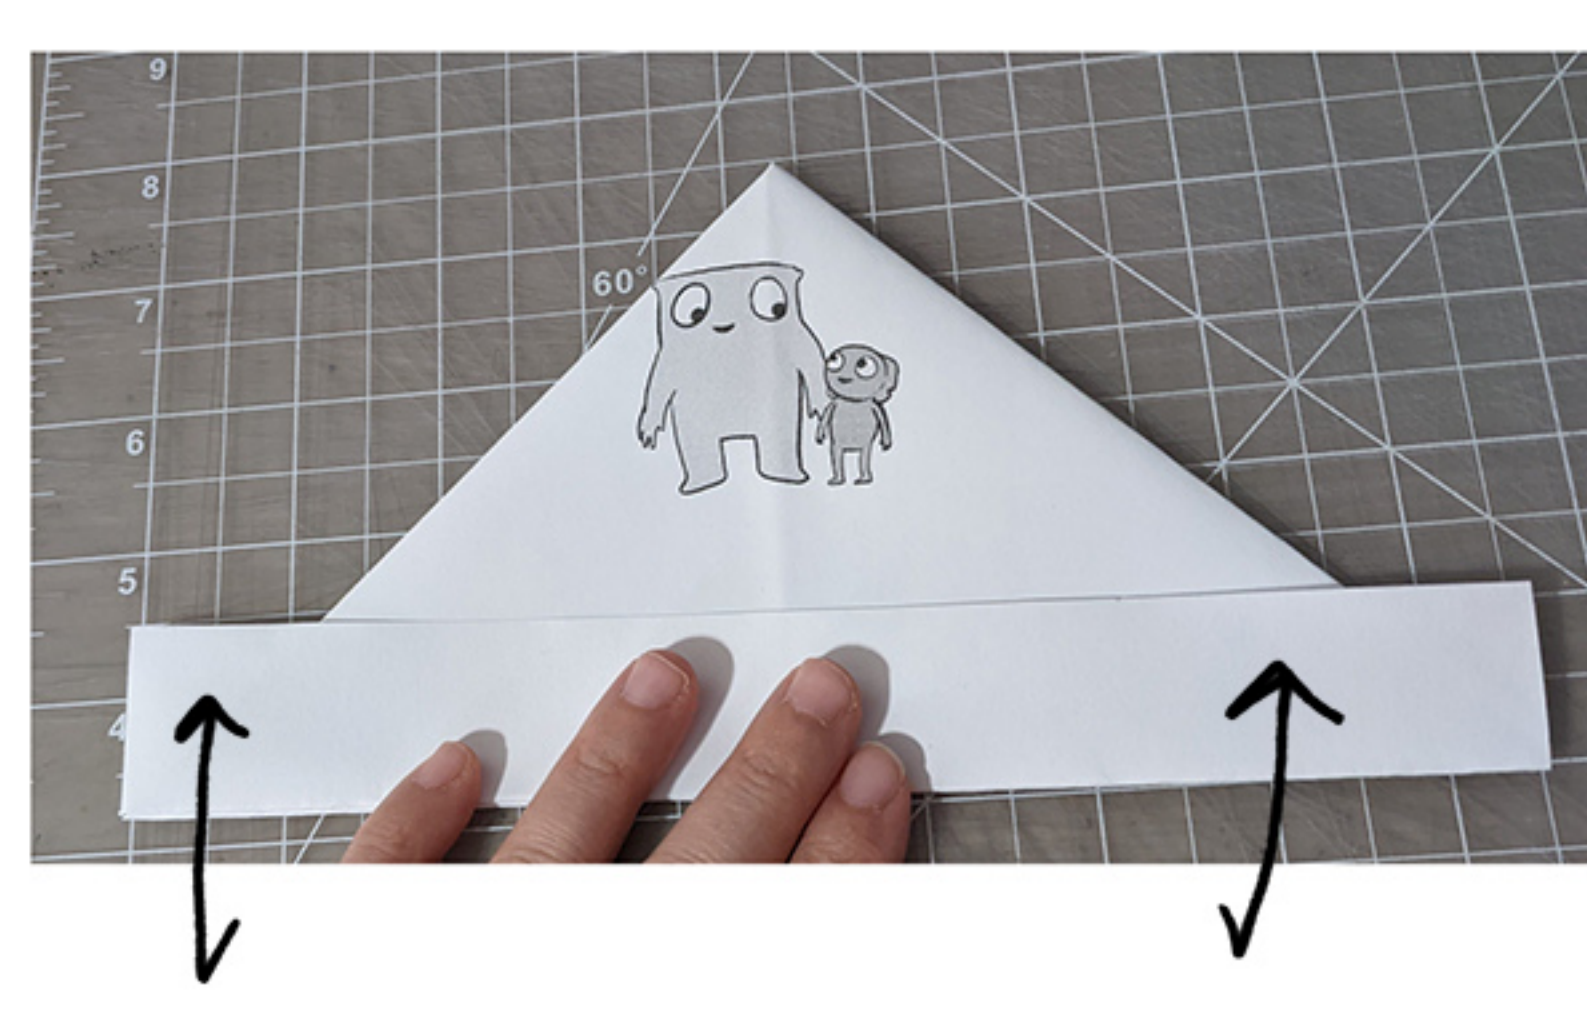

7. Pick up boat and flip over.

It'll look like this:

8. Fold up the second bottom lip + crease.

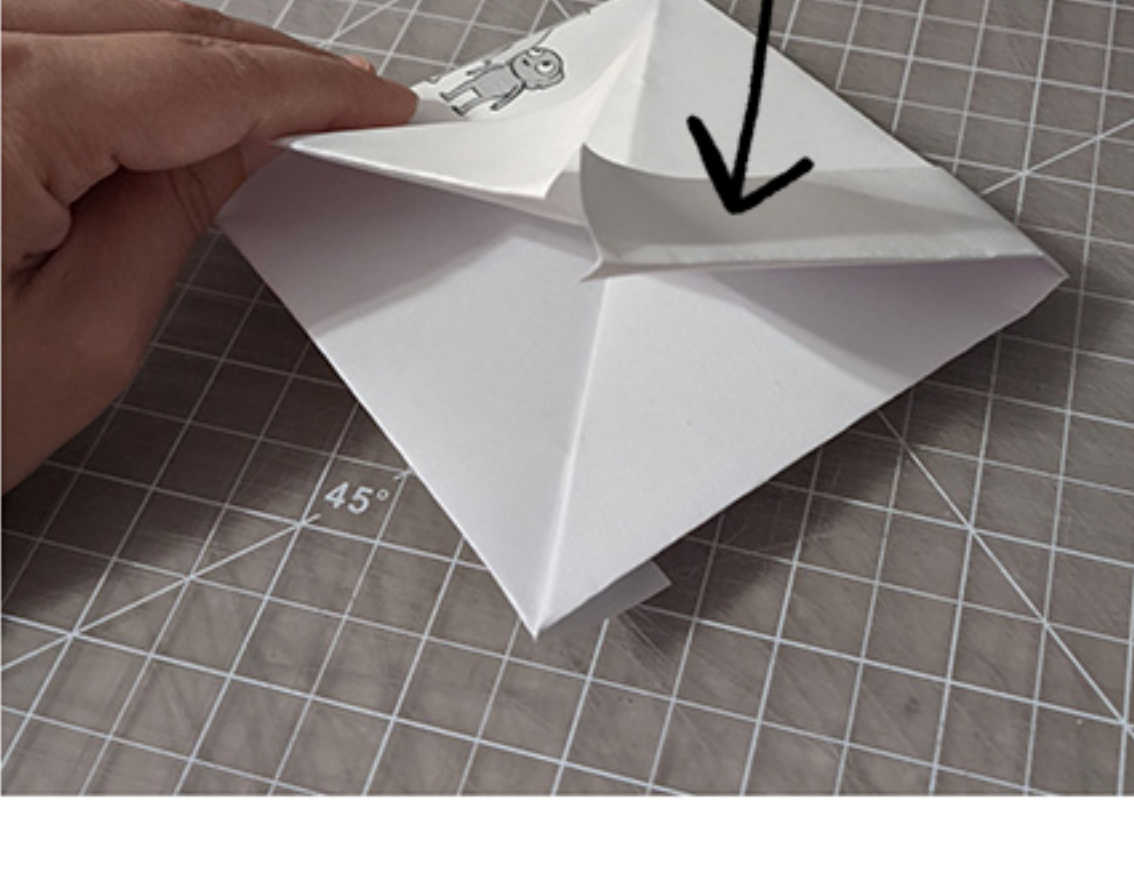

10. Turn on side. 11. Press down on sides, making a square:

9. Pick up boat, push finger into middle

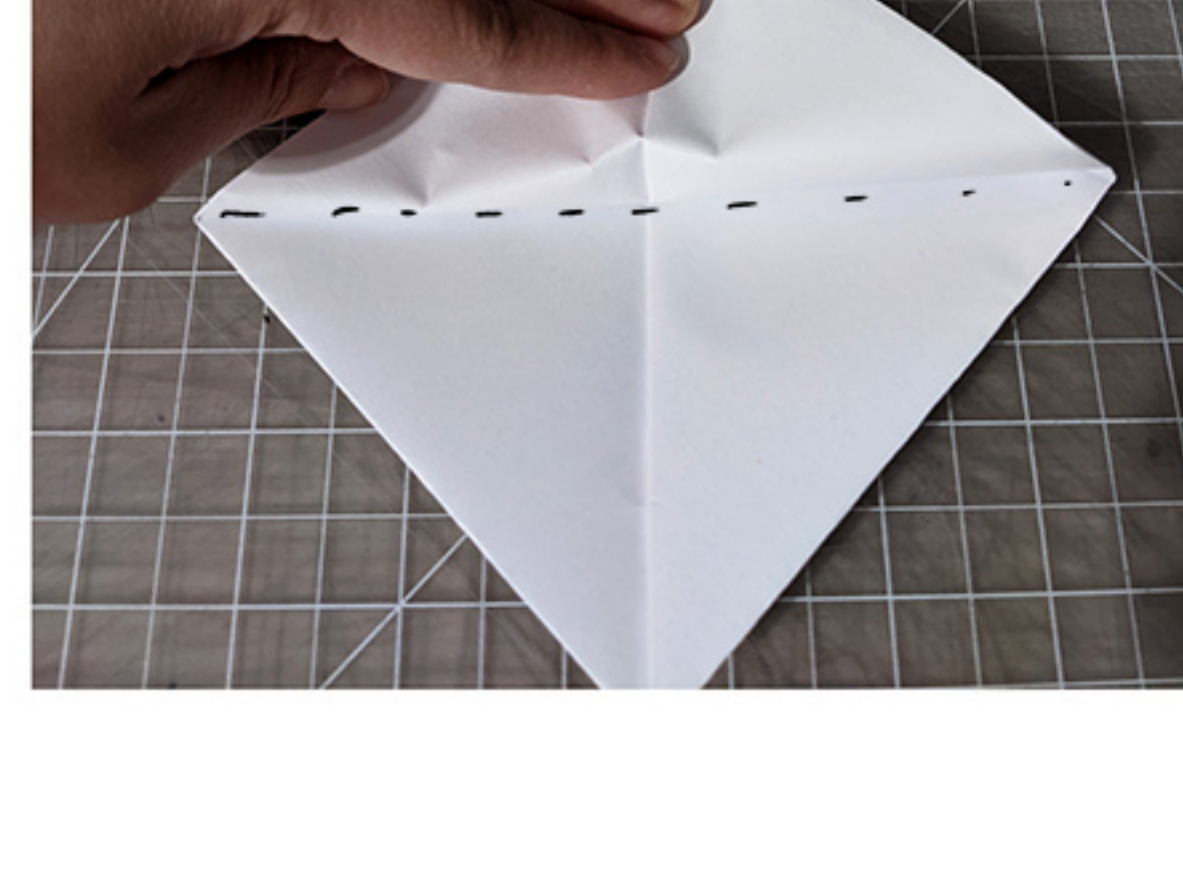

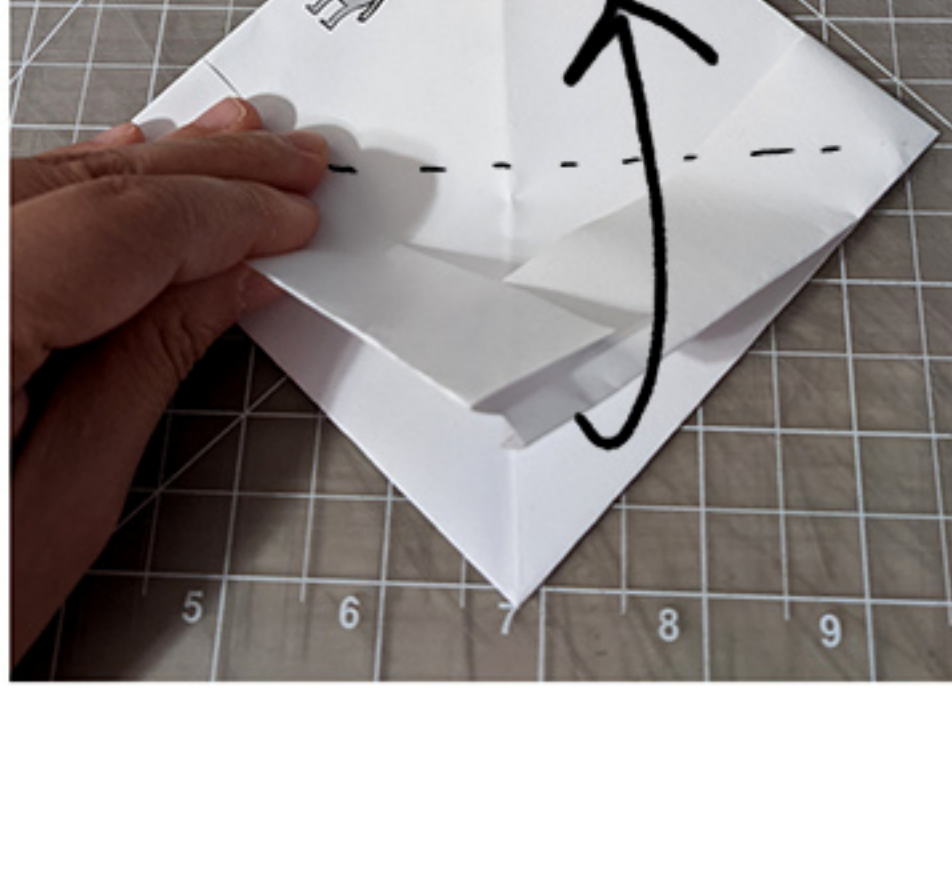

12. Squash it down flat:

13. Now it looks like this:

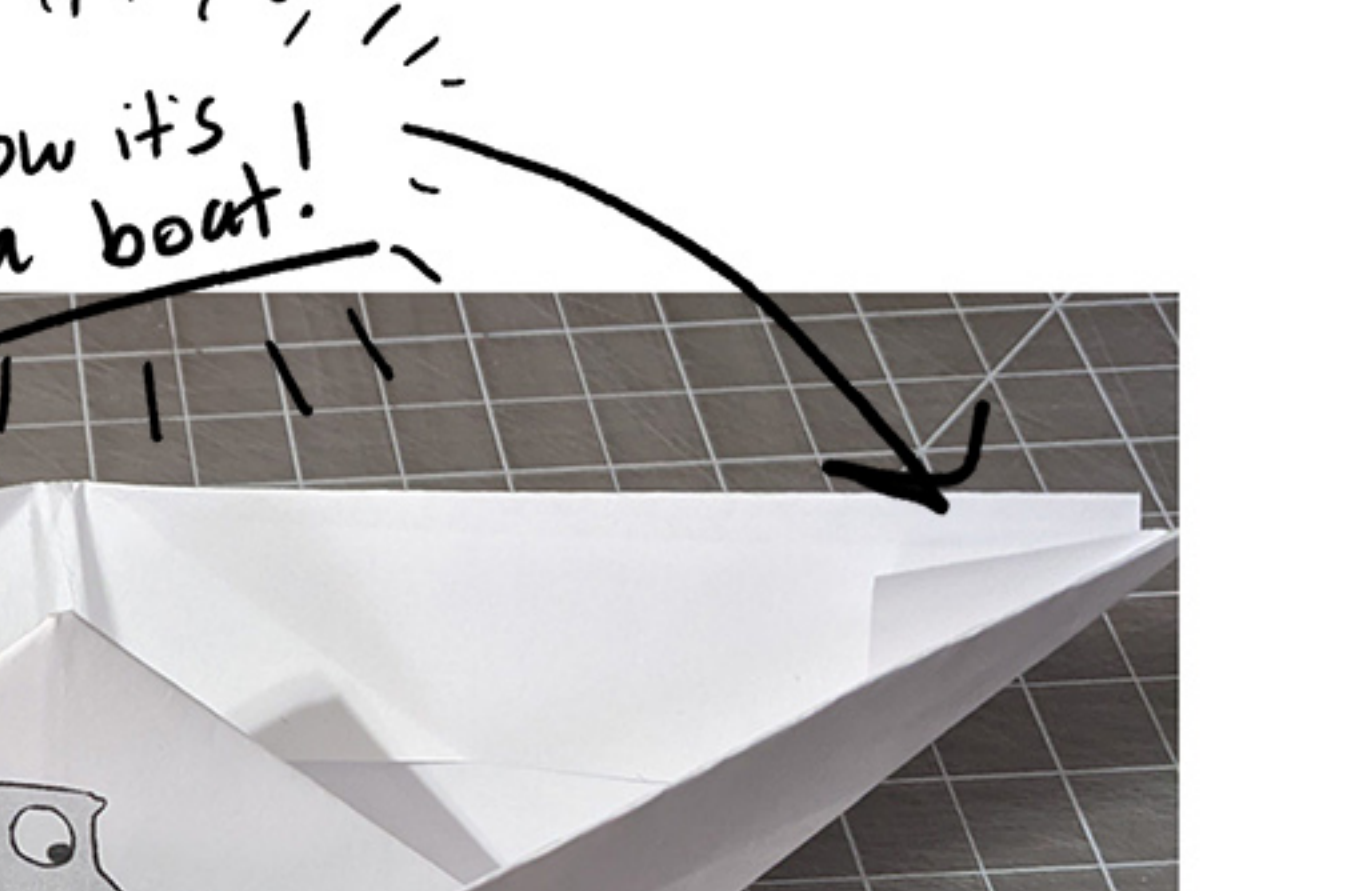

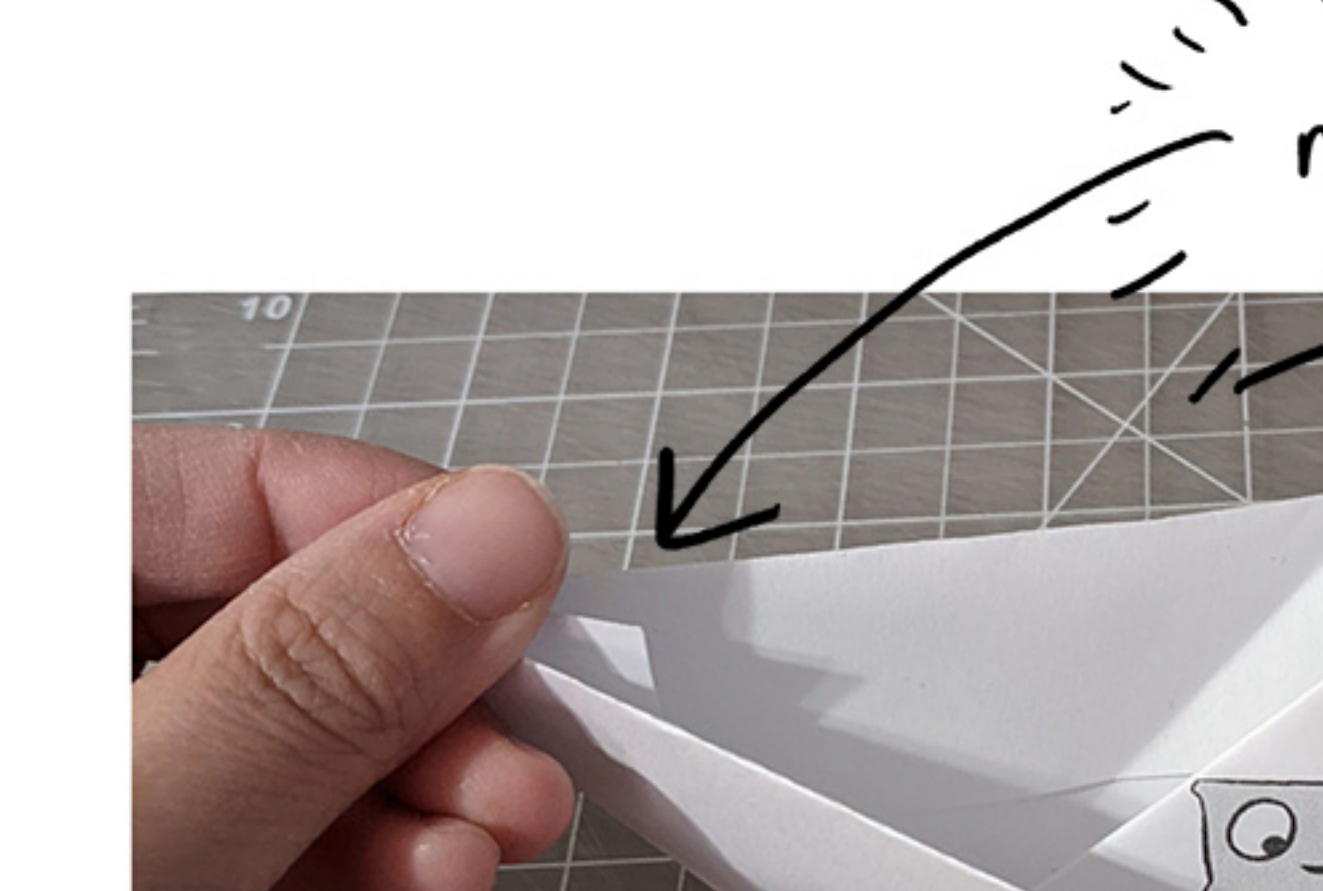

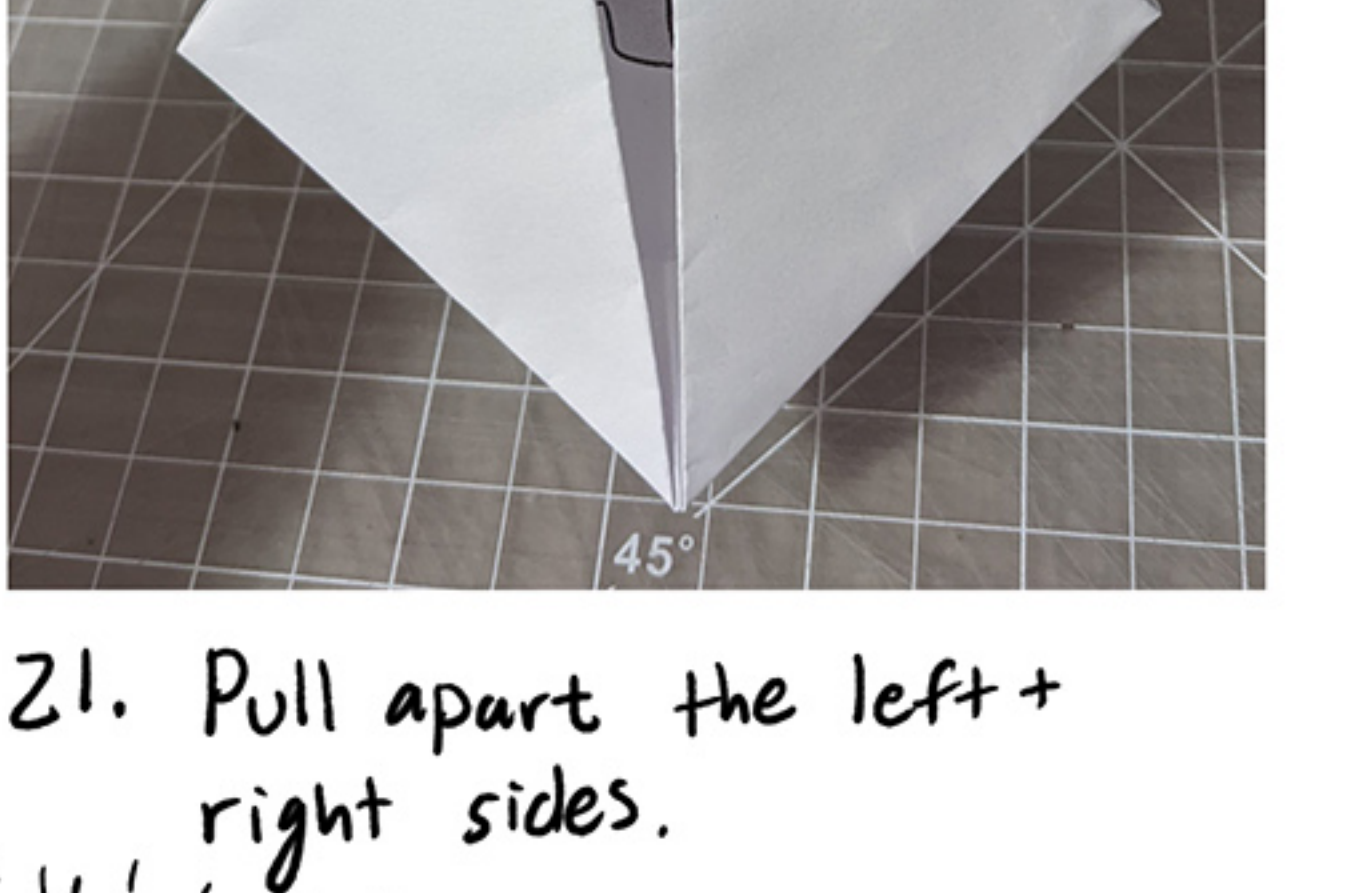

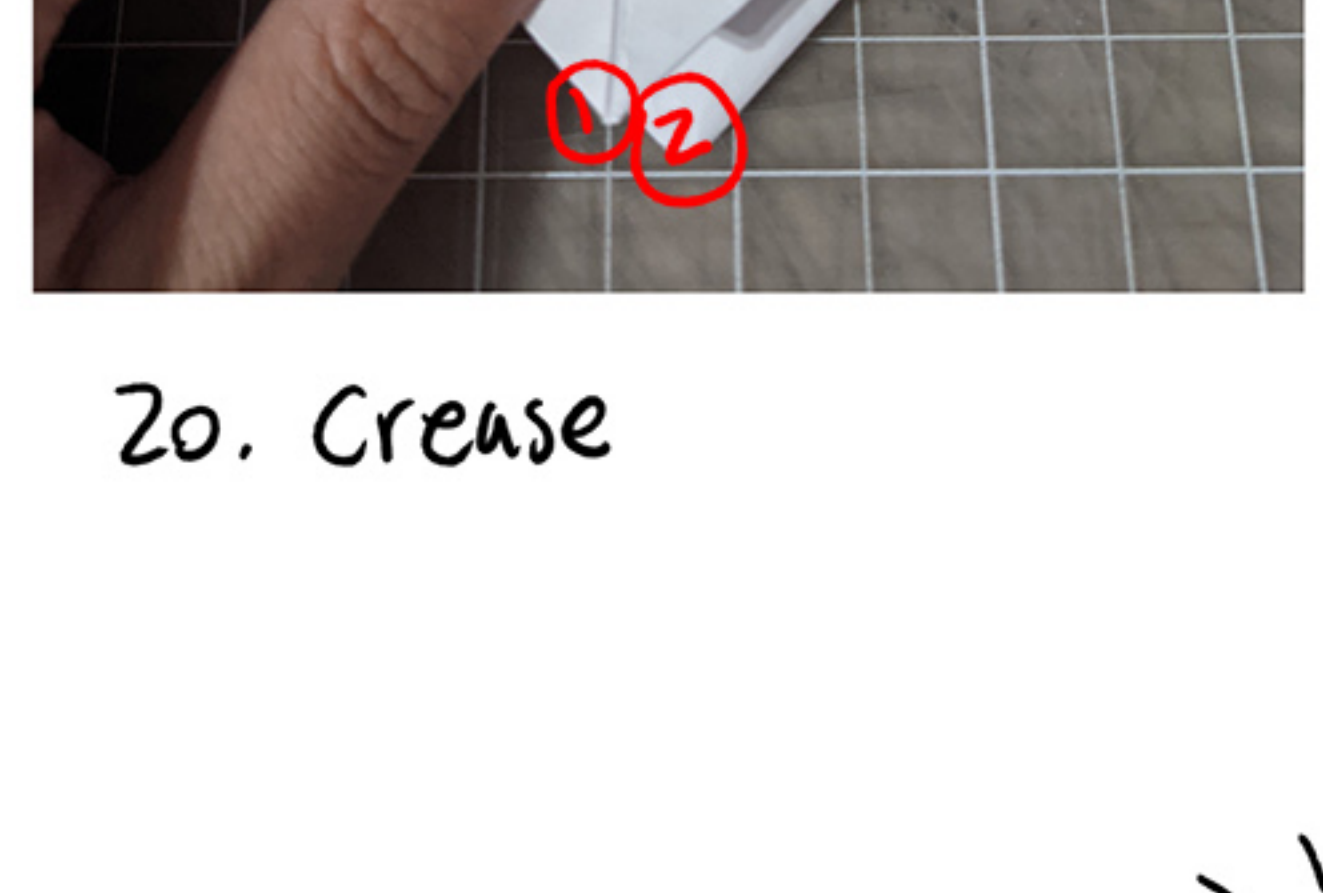

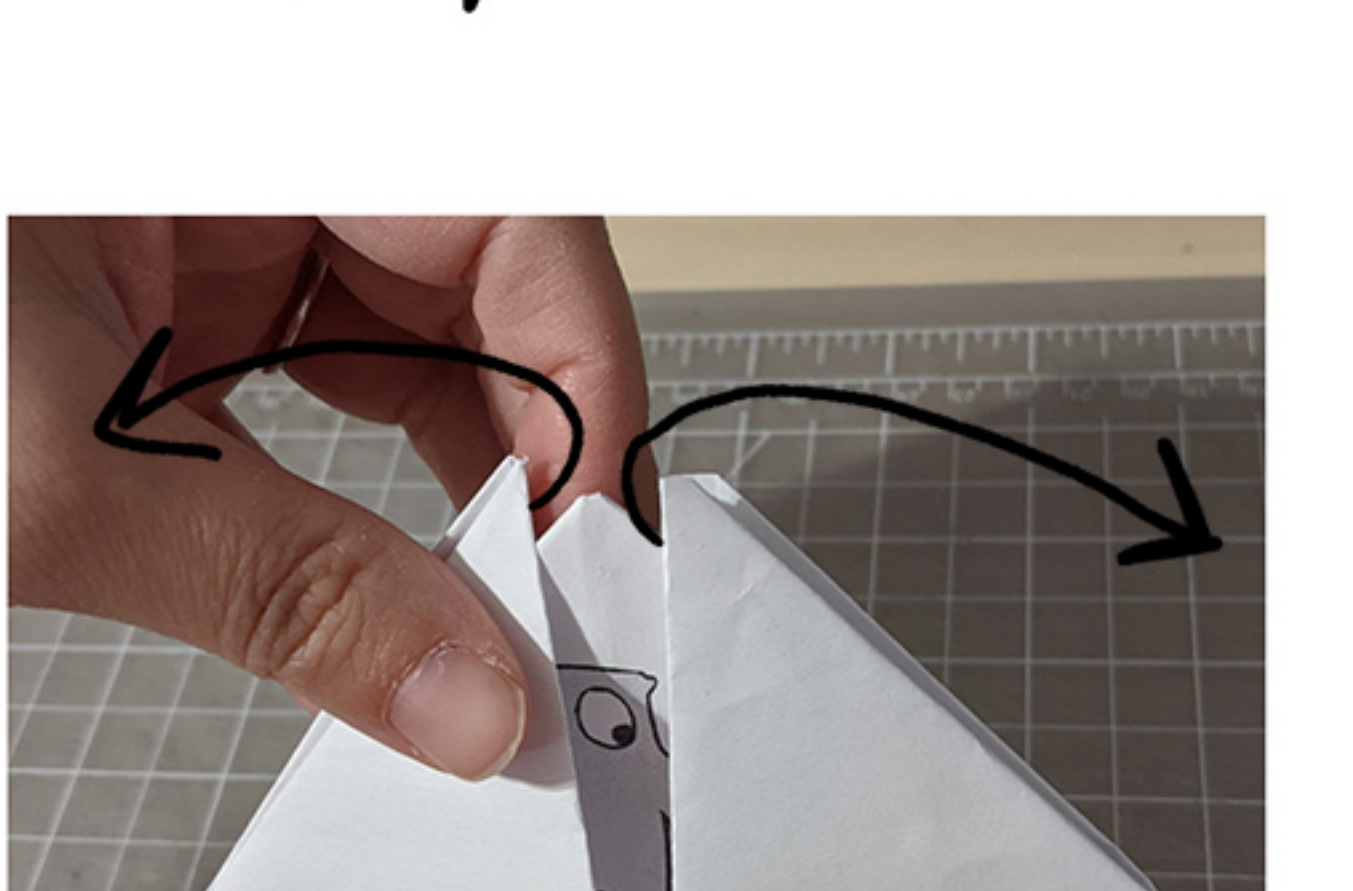

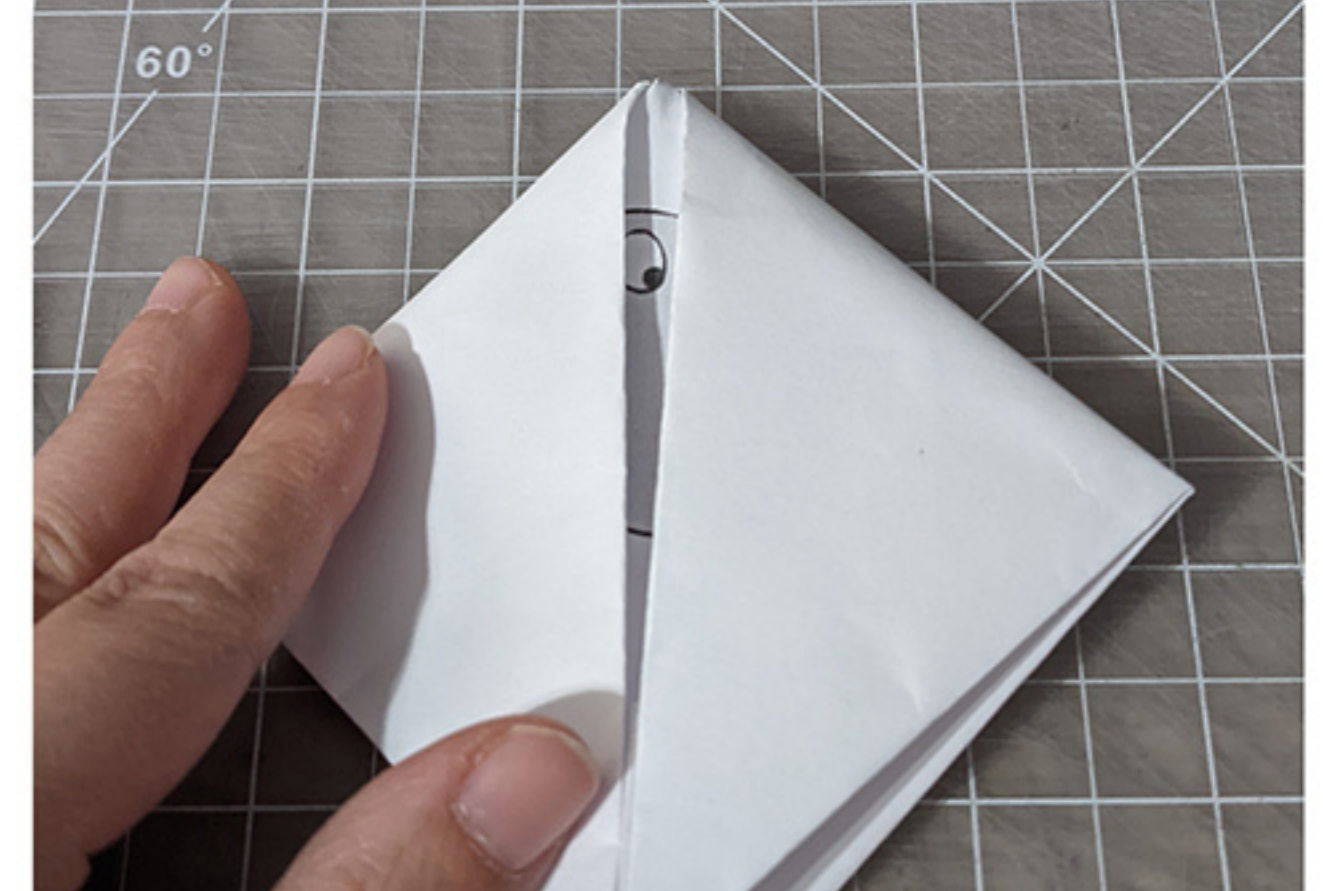

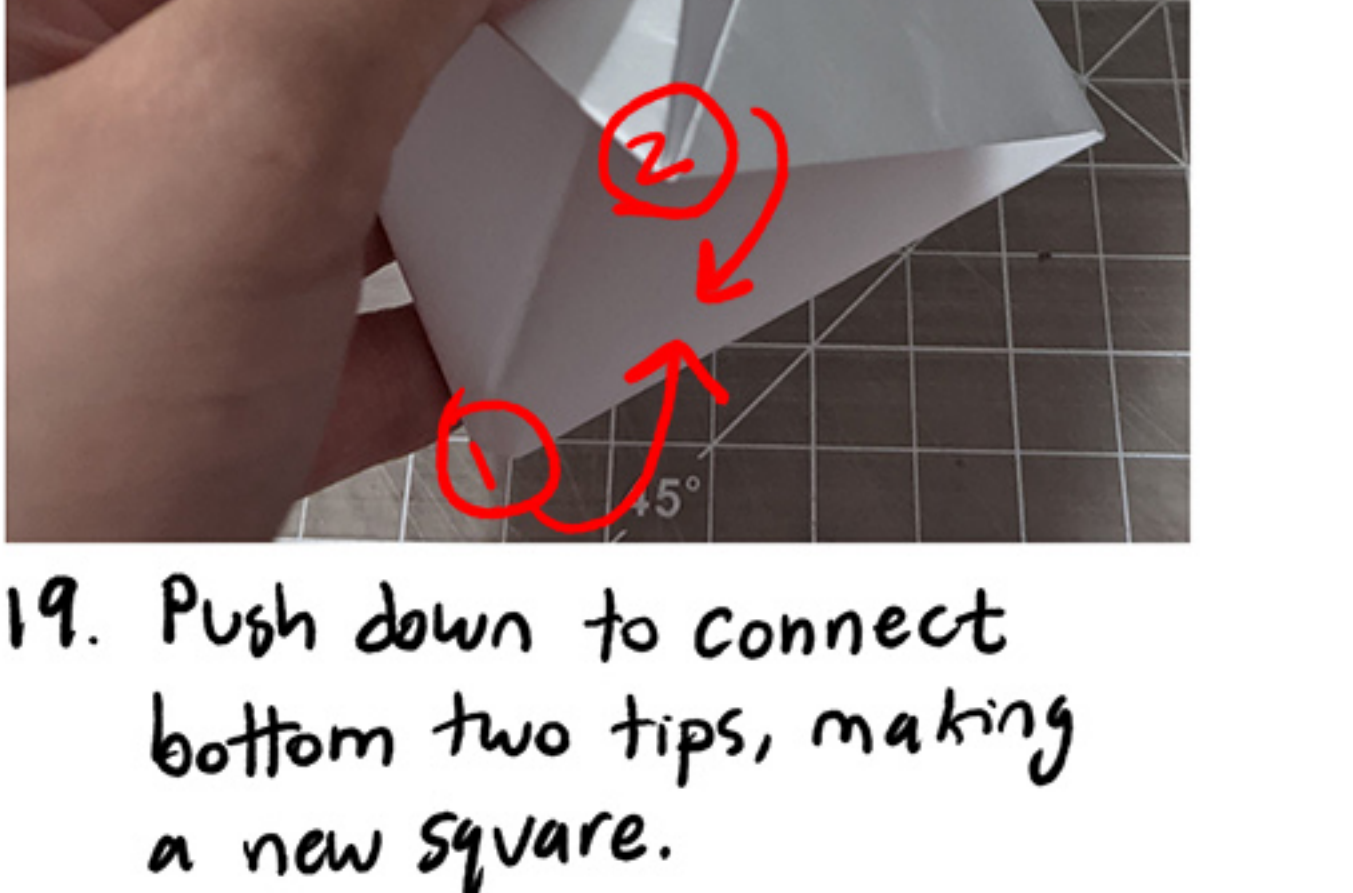

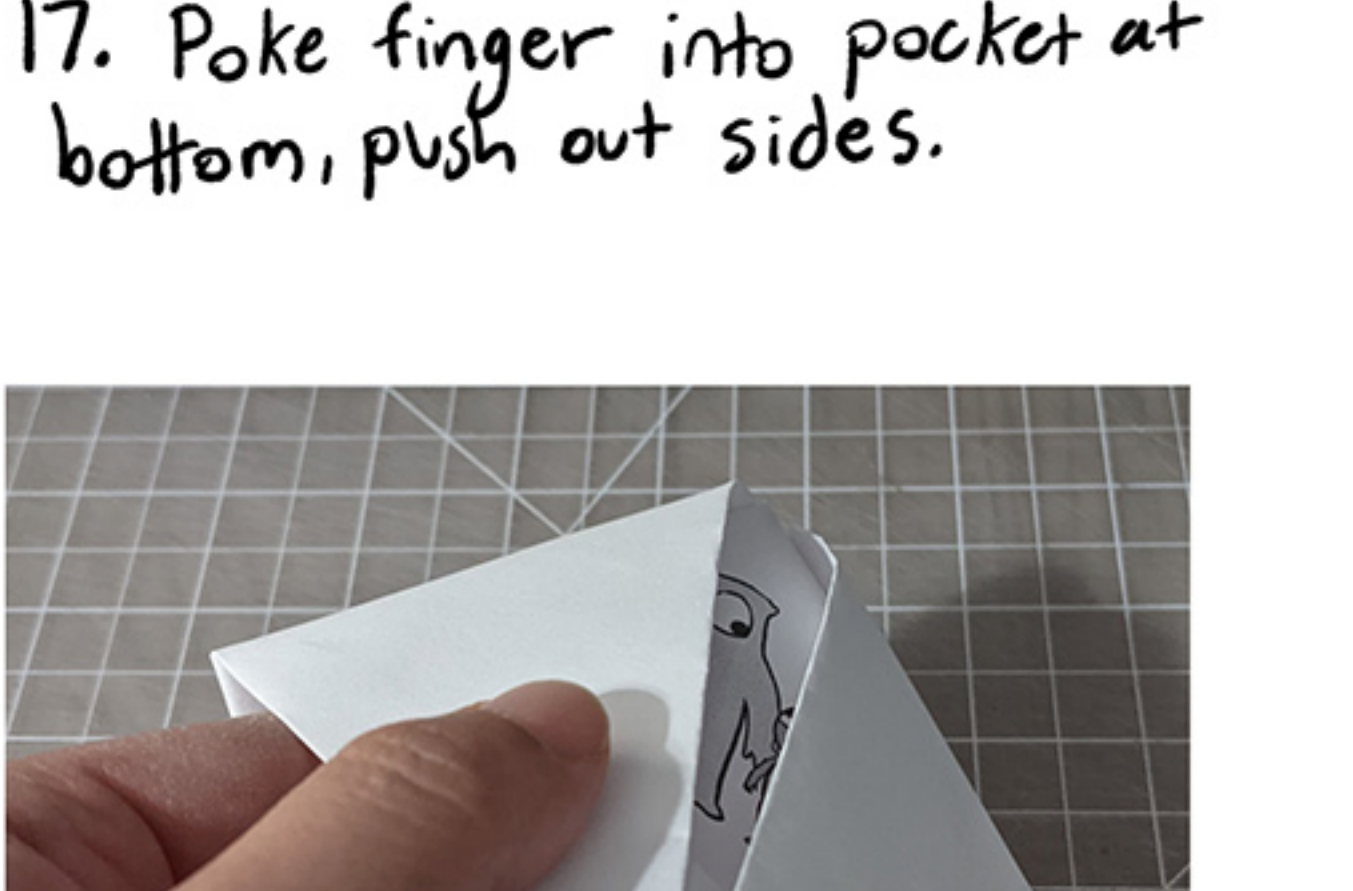

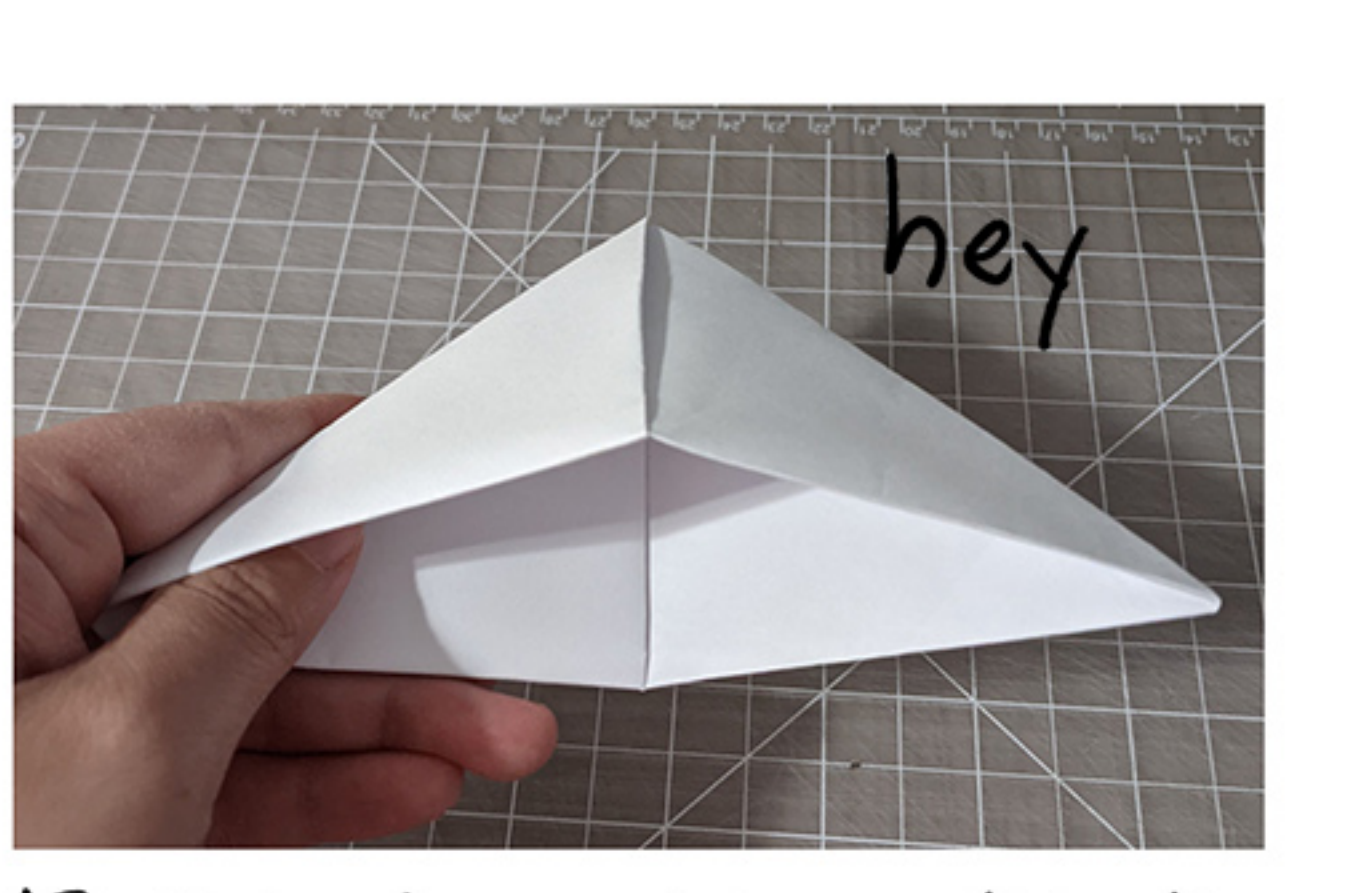

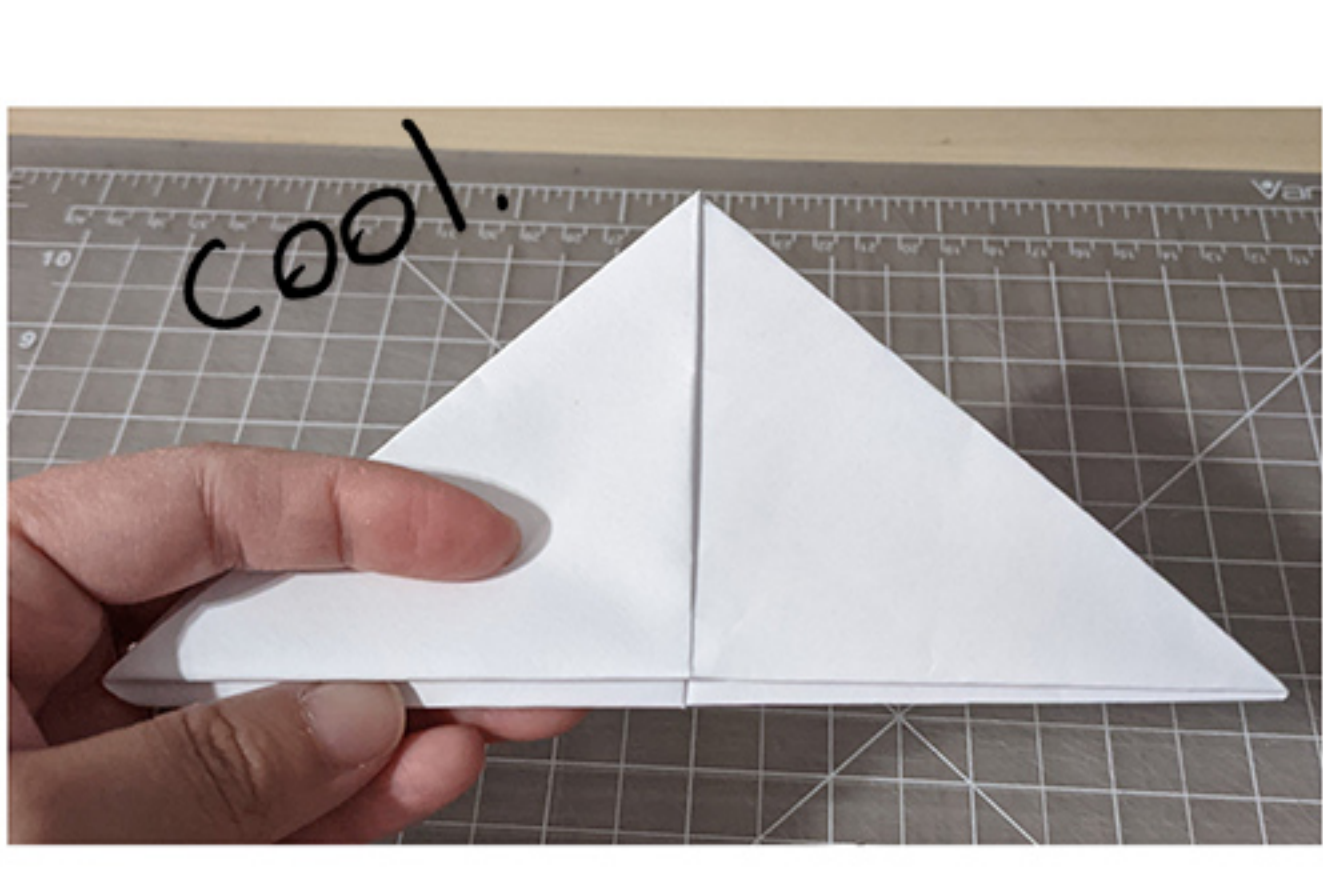

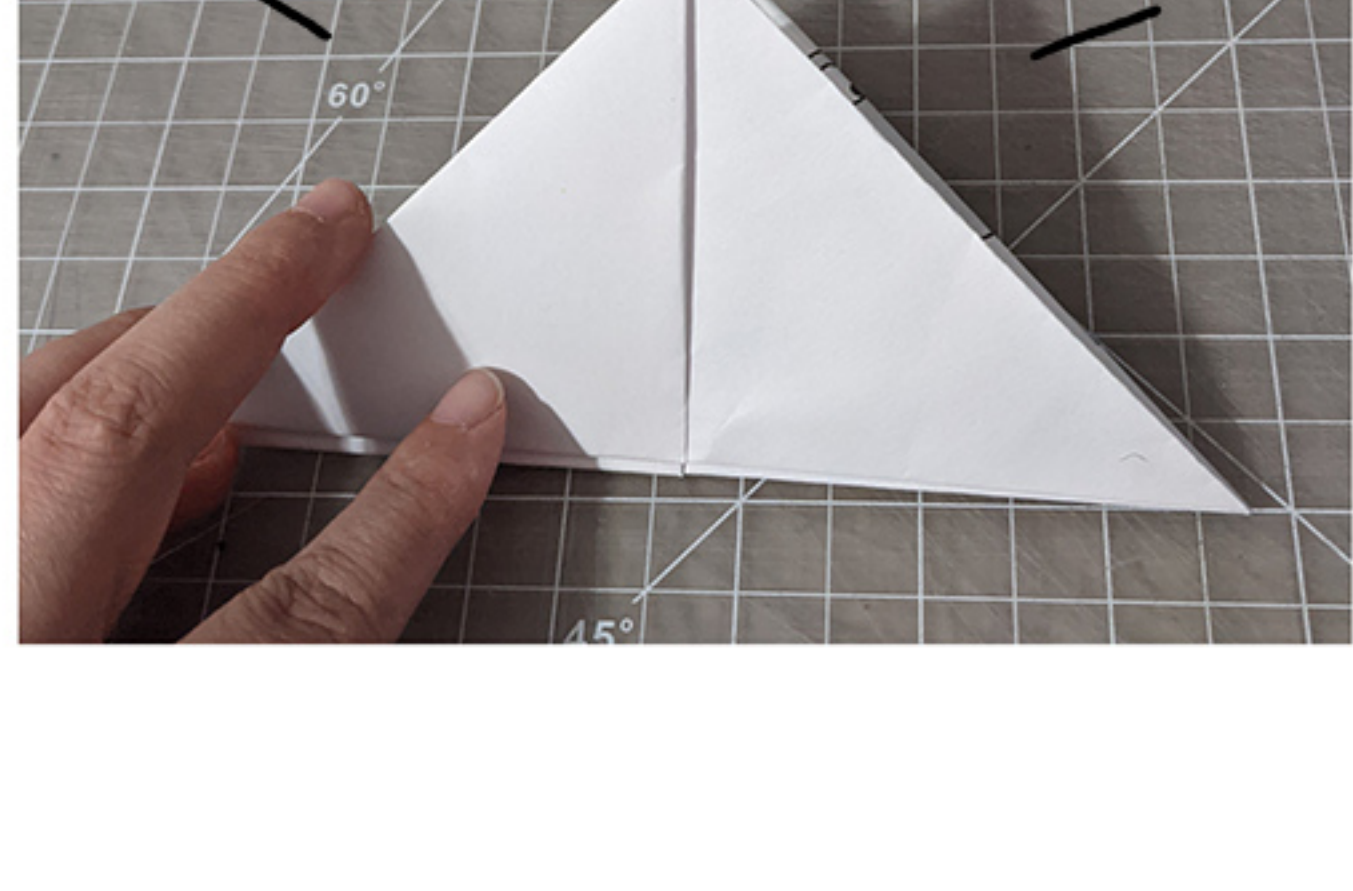

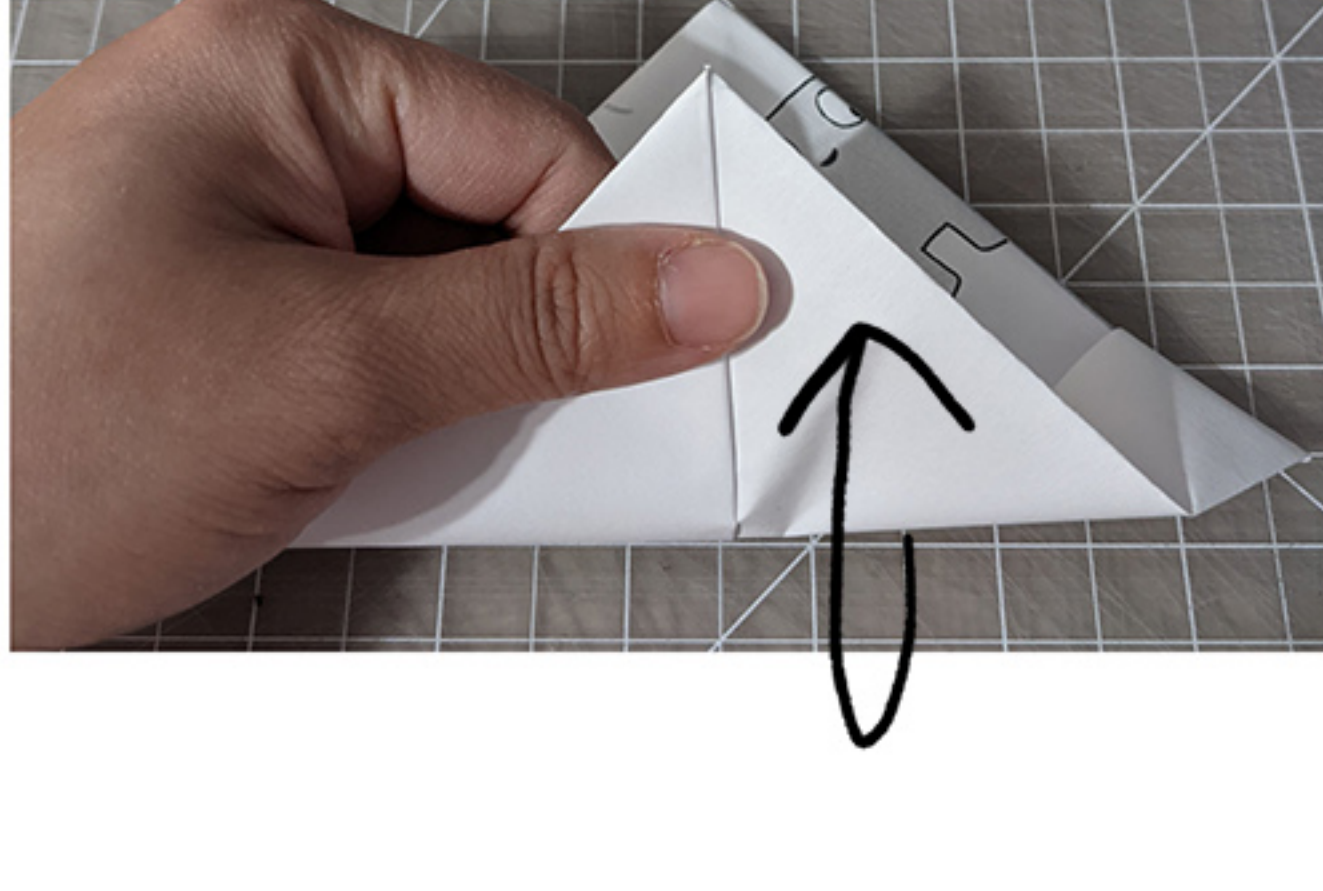

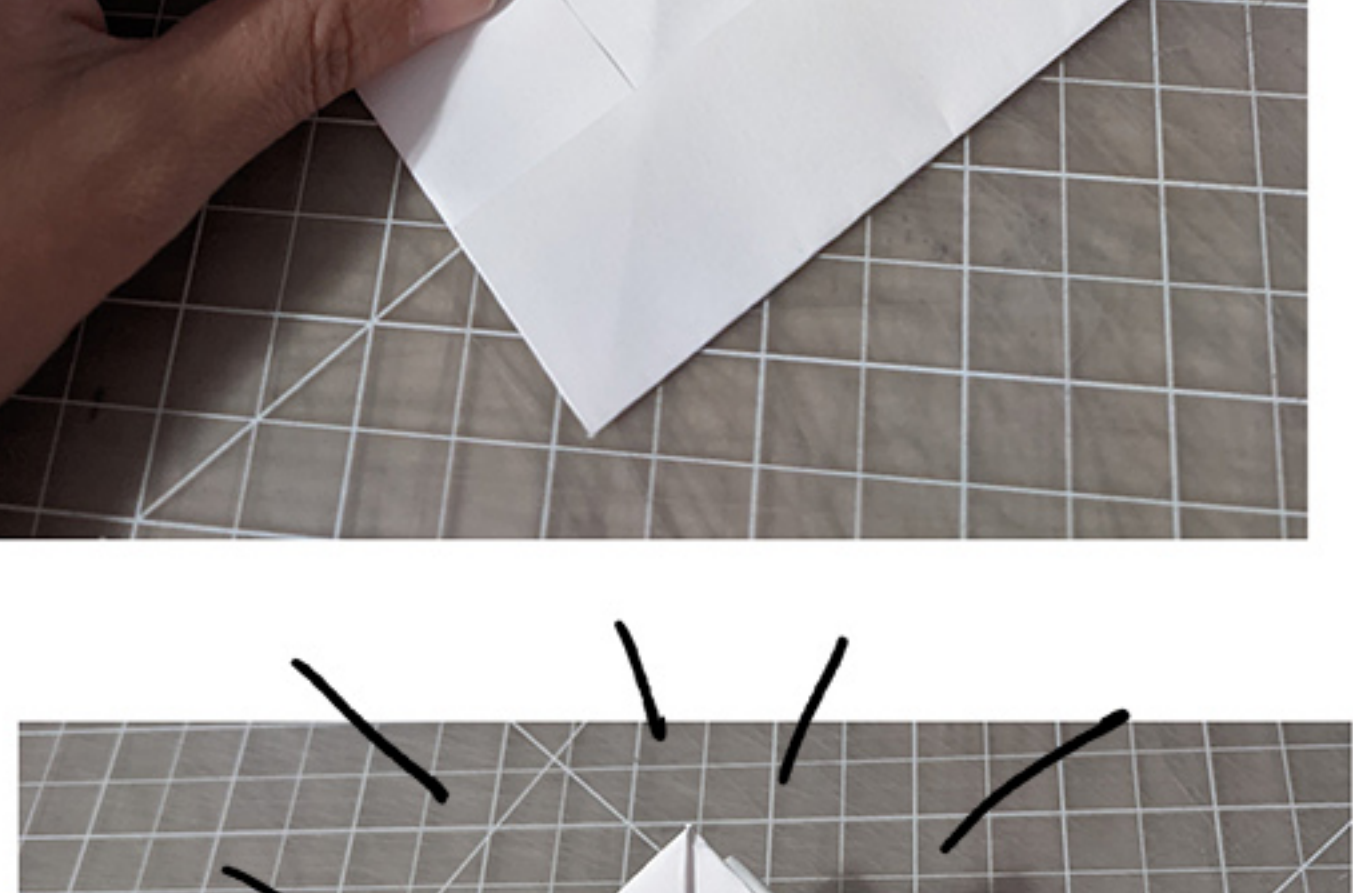

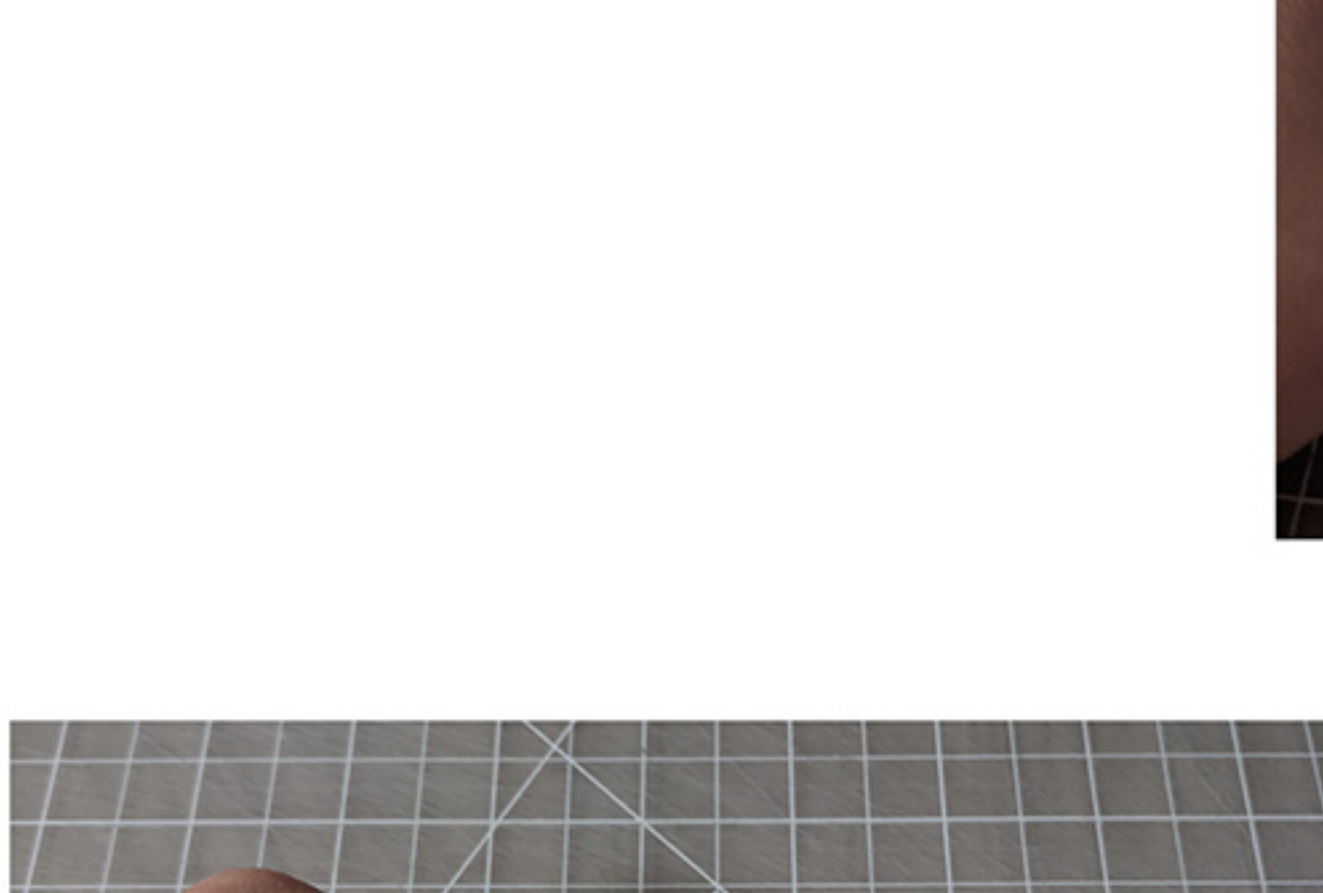

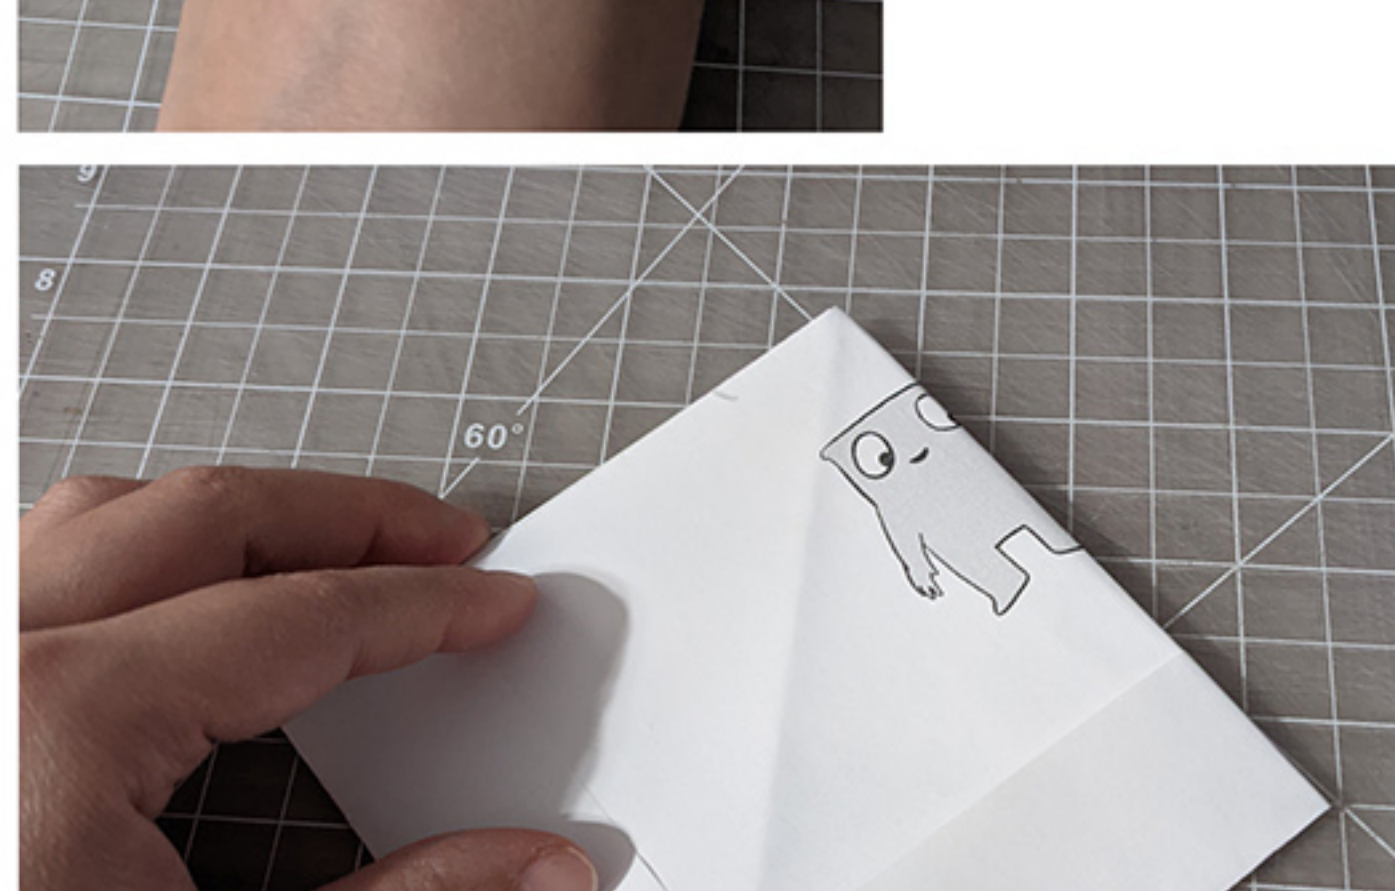

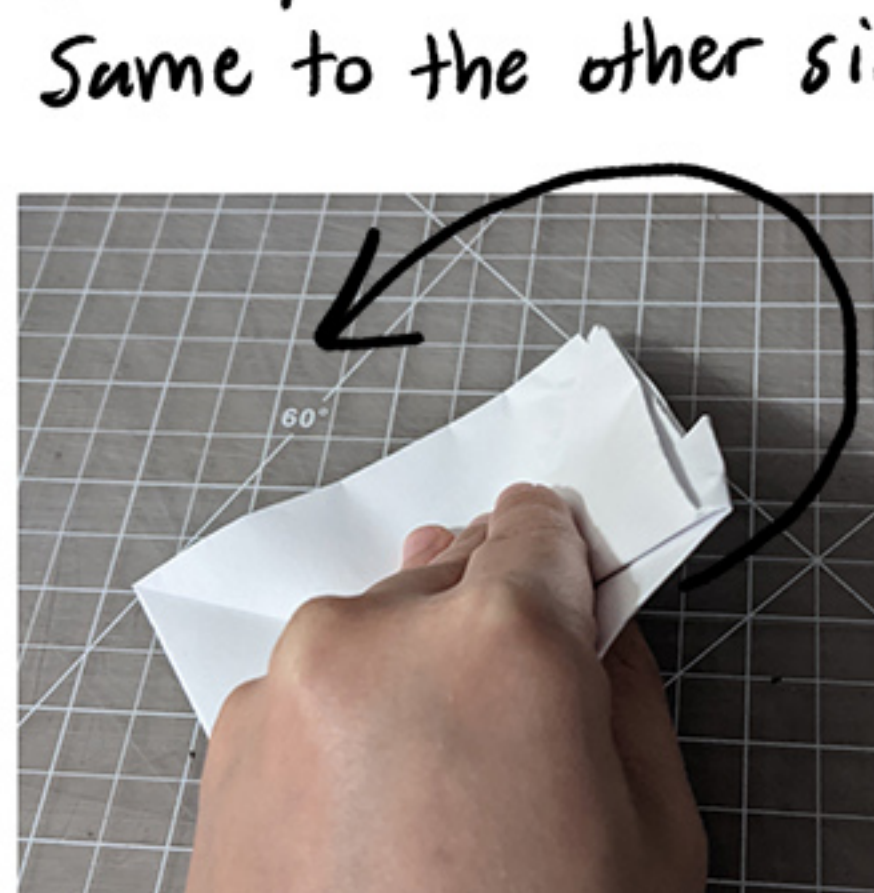

14. Pick up bottom and fold up so bottom tip lines up with top tip

15. See?

16. Flip it over and do the same to the other side.
