# The Lantern House & STORYTIME KIT

Your home has seen the story of your life! It has held you through the good days and the bad. Celebrate your home with this storytime kit.

This kit contains a coloring page, spot the difference and matching activities, and a popsicle stick craft—everything you need to appreciate home! Looking for more cozy ideas?

Think about all the memories you've made in your home! Write or tell a story about a memory in one particular room.

The Lantern House is almost as beautiful on the outside as it is inside! Take inspiration from the book and HGTV's Home Town and find a project to decorate the outside of your house or apartment. Plant some flowers, make over your mailbox, create a door wreath, or hang a drawing in the window!

The Lantern House

The house in the book is full of sounds, scents, and the sensation of being lived in. Plan an activity to experience with your home. Dance along to some lively music, cook a new and fragrant dish, have an impromptu photoshoot, or come up with your own idea to bond with the place you live!
