

DRAGONBOY

STORYTIME KIT

*Today is a great day for adventure with
Dragonboy and all his friends!*

Books are wonderful adventures that can take you anywhere you want to go!

Dragonboy loves to go exploring with his crew and discover new things.

This kit contains a maze, a matching game, a drawing activity, and even a couple of paper crafts for your very own Dragonboy adventure!

All you will need is some paper and crayons or markers. Need more ideas?

- Today is a great day to make a new friend! Invite a new friend to join storytime.
- What kind of adventure would you like to go on? Ask your local bookseller or librarian and they can help you find more stories to explore.
- Dragonboy and all his friends have a dance party with their stereo. Take a break from reading to shake it out and dance about!

Grab your friends and get ready for lots of fun.

Because the best part of an adventure is being with the ones who know you best.

DRAGONBOY

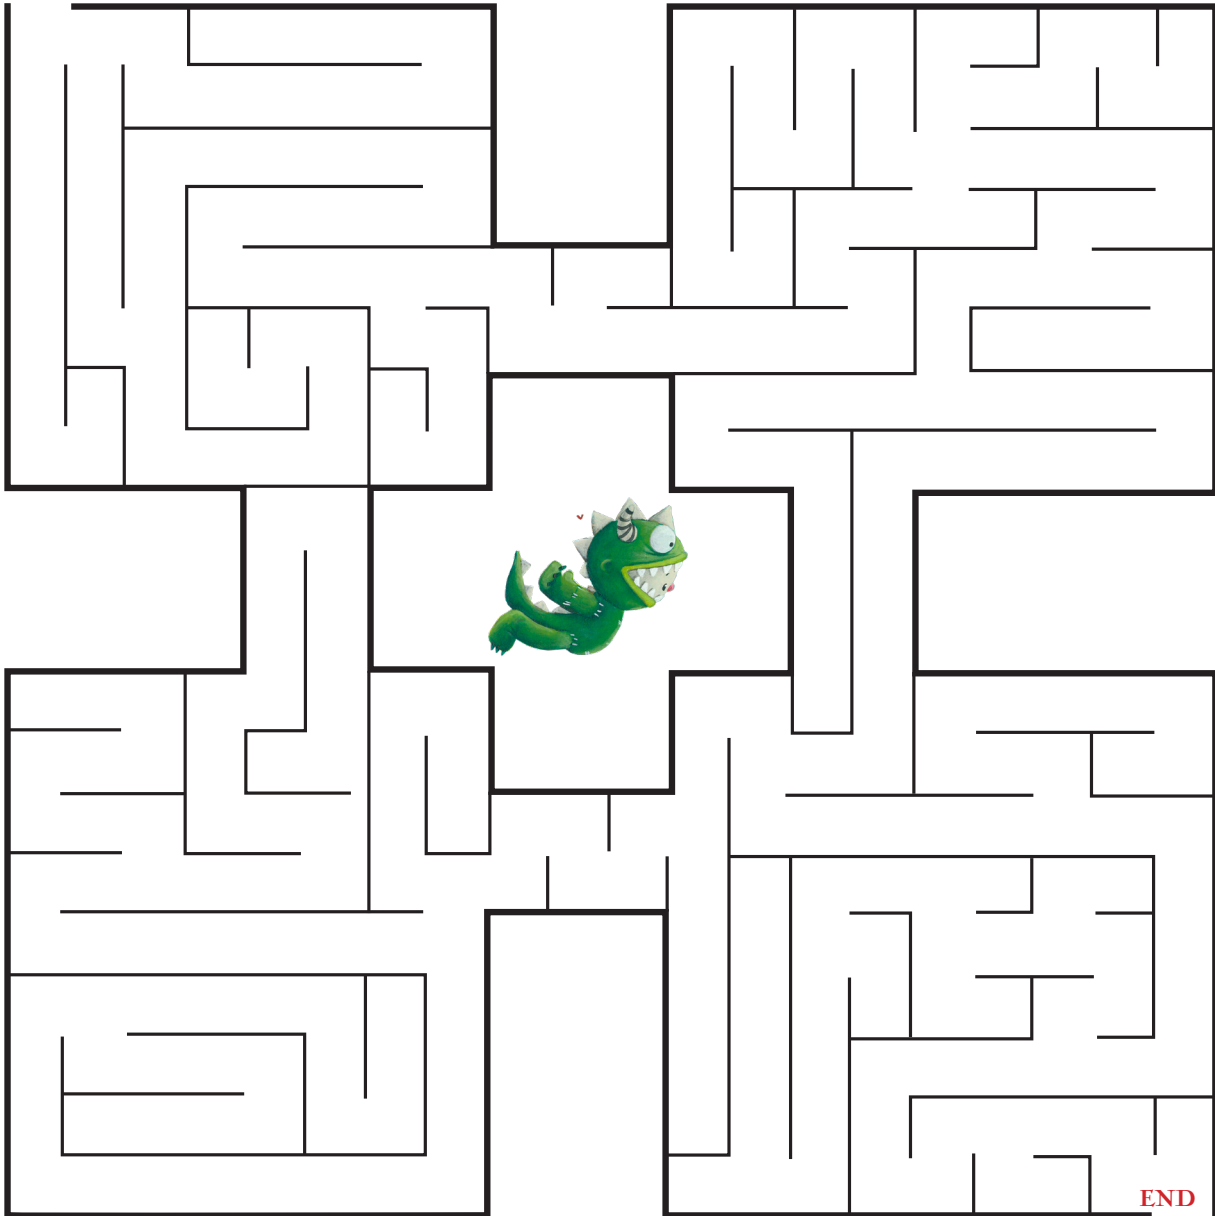

MAZE

It's a great day for exploring! (Every day is a great day for exploring.)

Help Dragonboy find his way through the maze
to meet his friends and start an adventure.

DRAGONBOY DRAWING

What adventure do you think
Dragonboy and Drako see up ahead?
Draw a picture below of what they
should explore next!

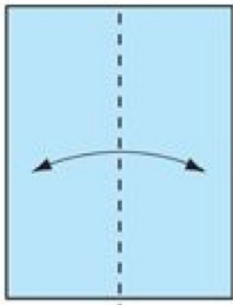

DRAGONBOY

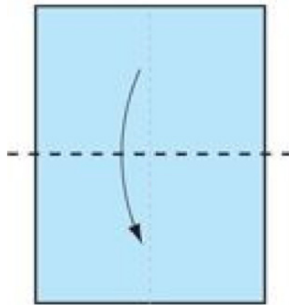

PAPER BOATS

You can create a mini boat for Dragonboy out of lots of different things.

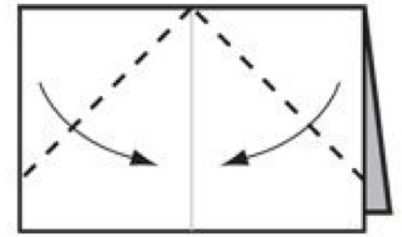

You can use an old box, cut a water bottle in half (with an adult's help!) or even make a boat out of paper. Take a plain sheet of 8½" x 11" paper and follow the steps below to create a paper boat. What will you call your ship? What kind of adventures will you go on?

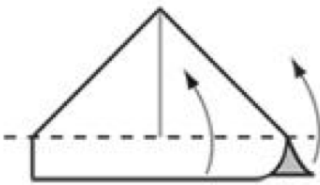

1. Hold the paper so the short end is at the bottom, and fold it in half to make a crease. Open it flat again.

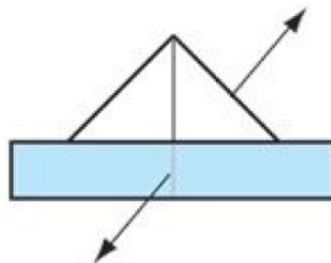

2. Take the top edge and fold it to meet the bottom edge.

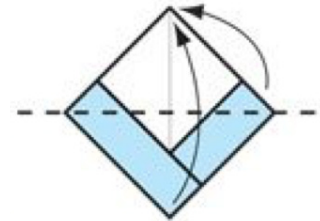

3. Fold the left corner in towards the center crease that you made in step 1. Repeat on the right corner.

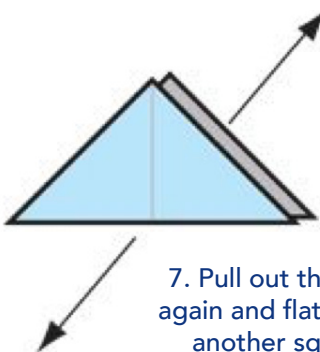

4. Fold the bottom flap up. Flip the triangle over and repeat on the other side.

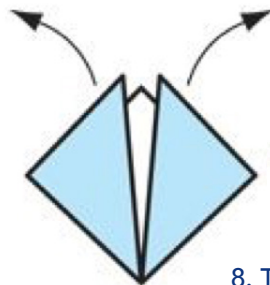

5. You should have something that kind of looks like a hat! Pull out the sides and flatten into a square.

6. Take the square and position it like a diamond, with the flaps facing towards the bottom. Take the bottom point and fold it up to meet the top. Repeat on the flipside.

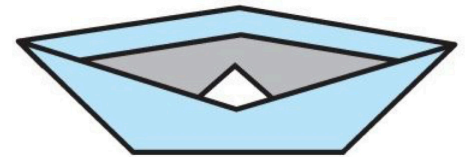

7. Pull out the sides again and flatten into another square.

8. Take the top flaps and pull outwards like you're opening a book.

9. Flatten the bottom and voila! You're ready to set sail!

DRAGONBOY

SHADOW PUPPETS

INSTRUCTIONS

1. Cut out the circles below (or ask an adult to help!) and then cut out the shapes inside the circles.
2. In a dark room, point the flashlight at a wall in front of you and hold the circle over the light. Ta-da! You're making shadows!
3. Use construction paper and experiment with all different shapes.

Maybe even make a Dragonboy shadow!
