ABOUT JENNIFER After six years as a jewelry designer in New York, the company I worked for closed, giving us the wonderful gift of a one-year compensation to find our dream job. Ever crafty, I found my dream job in the yarn world and began creating the GoKnit® Pouch, a drawstring pouch that allows knitters to carry their knitting projects around and knit while their yarn dangles from their wrist. My company, Knowknits®, has been around since 2005, offering accessories and designs to knitters all over the world. Please visit my website at www.knowknits.com and let me know what you think.
