

Slip first 8 sts onto 1 dpn, and last 8 sts onto a 2nd dpn.

Graft sts together.

### FINISHING

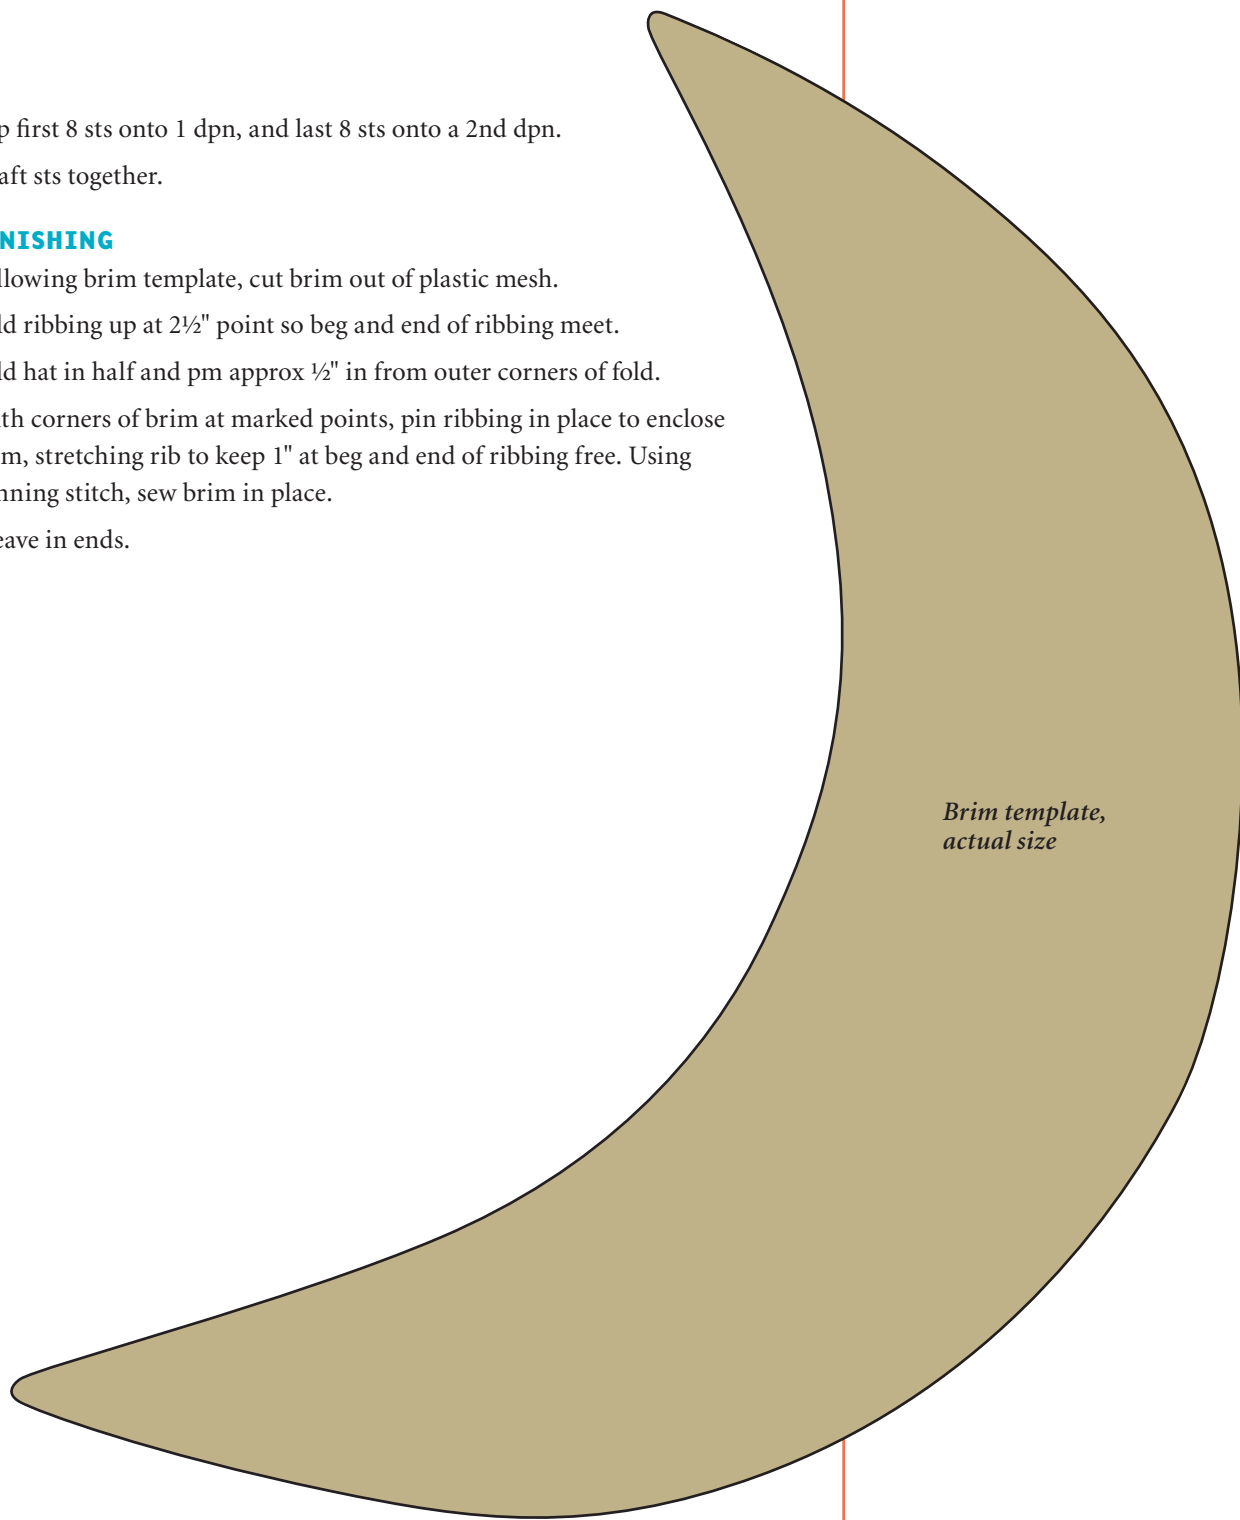

Following brim template, cut brim out of plastic mesh.

Fold ribbing up at 2½" point so beg and end of ribbing meet.

Fold hat in half and pm approx ½" in from outer corners of fold.

With corners of brim at marked points, pin ribbing in place to enclose brim, stretching rib to keep 1" at beg and end of ribbing free. Using running stitch, sew brim in place.

Weave in ends.
