Take Your Teacher Home Foundation

---

Dear Parent:

Your child's school is participating in a new national program called "Take Your Teacher Home Day." The program is designed to allow teachers to get to know their students' families and the home environment better. Your child's teacher will come to your house on a prearranged evening and stay for four to five hours. Please make sure your house is clean. Prepare your usual dinner, but make sure you have enough for one extra mouth. The meal should have at least three courses. Teachers with special dietary needs will inform you of them in advance.

After dinner, your child's teacher will follow you around the house, observing everything you do and asking questions. Feel free to organize some fun activities for the teacher to do with the rest of the family, anything from playing charades to baking cookies together!

We will send more information and a list of dates when your child's teacher is available in a few months. We hope you will enjoy participating in this innovative program!

Sincerely,

Joe King  
Executive Director
