If the interviewee wants to make a gift of the interview materials to an individual, archives, or program and to simultaneously make a *Public Domain Declaration*, alter the *Deed of Gift* form (on facing page) by replacing the paragraph beginning with the phrase “In making this gift” with the following: “In making this gift I fully understand that my interview or oral memoir will not be copyrighted by me or by \_\_\_\_\_ (*name of individual, archive or program*), but is to be placed in the public domain. This action is intended to facilitate usage by future researchers.”
