## AUTHORLESS EVENT KIT!

### Thank you for hosting a STAR WARS® ORIGAMI event!

Origami is a fun and creative activity, and the project we've included in this kit is for paperfolders of any age and ability, but especially perfect for children ages 9 and up.

You'll also find a list of some suggested *Star Wars*-themed activities, and a promotional poster for **STAR WARS® ORIGAMI** that you can hang in your store.

**We'd love to see photos of your event.**  
Please tag [Workman Publishing](#) on Facebook  
or [@workmanpub](#) on Twitter.

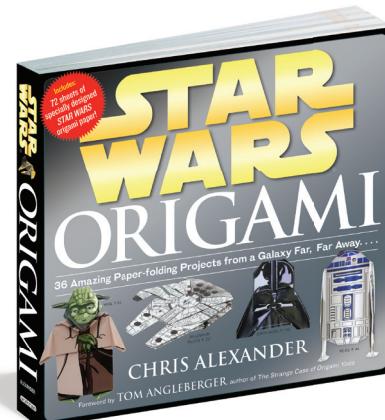

### Here are some ideas for throwing a fun event:

- Create optimum folding conditions for your guests:  
Bring in several tables or clear out a section of floor space.
- Invite participants to dress up as their favorite *Star Wars* character.
- Games included in this kit can round out activities
- Using *Wookieepedia: The Star Wars Wiki* or *Star Wars® Fandex*, organize a trivia contest or bingo game.
- Create a gallery for party guests to display their own *Star Wars* artwork.
- Offer a copy of **STAR WARS® ORIGAMI** as prize!

**STAR WARS® ORIGAMI** marries the fun of paper folding with the obsession of *Star Wars*.

Using specially designed origami paper featuring art drawn from the movies, the models in this book represent 36 of the most iconic characters, ships, droids, and weapons from the *Star Wars* universe.

Each project is illustrated, fold-by-fold, by the acknowledged master of *Star Wars* origami, Chris Alexander.

# Color and fold your own Jedi lightsaber!

HOW TO FOLD: A BASIC LIGHTSABER

**1** Start with your color picture.  
Valley fold just enough to  
form a thin flap.

**2** Valley fold and unfold.

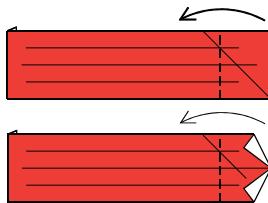

**3** Valley fold and unfold.

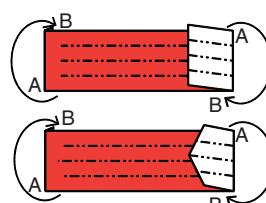

**4** Mark fold. Turn the model  
over.

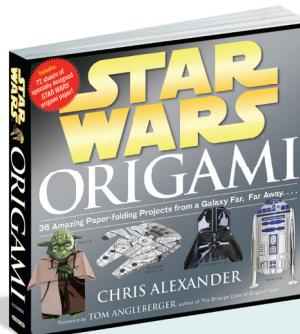

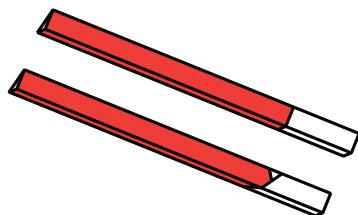

**4A** **Optional Step:** To make a hilt with an angled emitter  
like Luke's, valley fold the corners to touch the  
creases formed in step 3.

**5** Valley fold.

**6** Mountain fold the corners A into the pockets B.  
This will turn the model into a triangular tube.
