

THE LAST IMMORTALS

PLEDGE CERTIFICATE

The Immortals of the lake follow a special code to survive the wild and save their species. Do you have what it takes to live by the axolotl Immortal Code?

THE IMMORTAL CODE

1. The needs of the many outweigh the needs of the few.
2. Hunt for survival—not sport.
3. Mentor the young.
4. Abandon everyone you know to complete the trial of solitude.
5. You are duty bound to warn others if you see danger.
6. Do not go above the surface.
7. Regenerate or die.

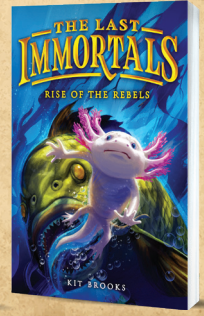

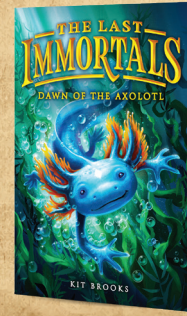

I, the undersigned, will follow the ways of the axolotl
and agree to live by the Immortal Code.

THE LAST IMMORTALS

ARE YOU AN IMMORTAL OR A REBEL?

Two competing groups want to decide the future of the axolotls of the lake.
Find out which faction you fight for!

1. You encounter another axolotl trapped in a toxic algae bloom. What do you do?
 - A. Help them escape.
 - B. Let nature run its course.
2. You see something that looks interesting above the surface of the water. What do you do?
 - A. Ignore it. It's safer below.
 - B. Poke your head above the water to get a closer look.
3. A salamander is about to be eaten by a dangerous nearby bird. What do you do?
 - A. Warn the salamander! It's your duty.
 - B. Save yourself!
4. True or false: Axolotls belong on land.
 - A. False
 - B. True
5. A delicious-looking school of minnows is up ahead, but you'd have to pass a larger, scary fish to get to your prey. What do you do?
 - A. Stay hidden. You've already eaten enough today.
 - B. Risk it! Fortune favors the brave (and those minnows look extra tasty).
6. Another axolotl is swimming slowly, and you're starving. Do you eat their tail?
 - A. Never! You can hunt better foods as a team.
 - B. Chomp, chomp. It'll grow back anyway.

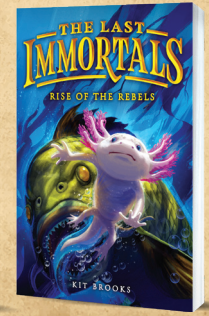

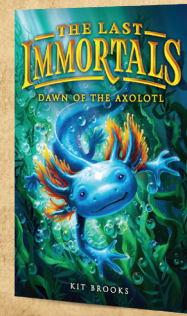

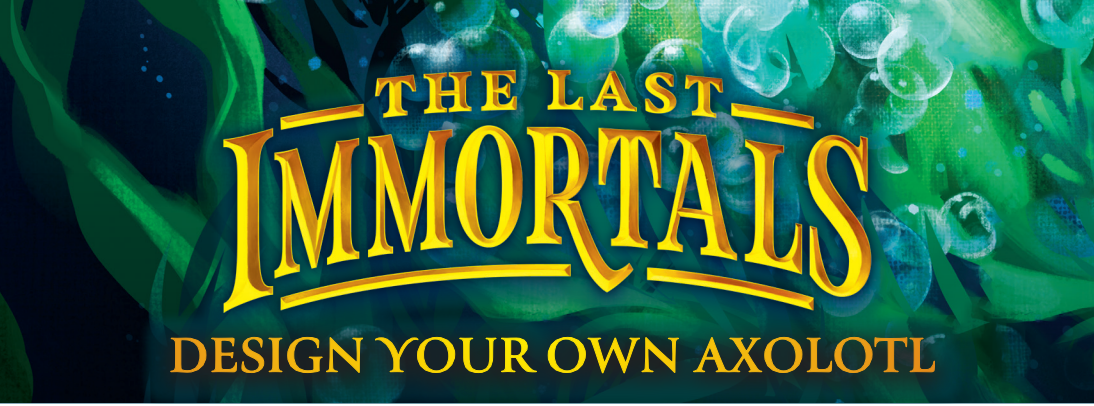

**Count up your answers. If you selected mostly As, you're an Immortal.
If you selected mostly Bs, you're a Rebel.**

IMMORTAL

You follow the Immortal Code and take care of your community. We're stronger together.

REBEL

You bravely follow your own path. Only the strongest survive, and you intend to be one of them.

What would you be like as an axolotl?

My axolotl name is:

My special axolotl ability is:
