Why is Carlotta and the Little Rock Nine's story so important? How might things be different if they had decided to just give up?

Think of the things you've done that you are proud of. Maybe you helped a friend at recess, maybe you spoke up when you saw someone do something wrong. What article of clothing would you put in a museum that would tell others about what you've done? Write two-three sentences that would explain/describe the item to museum visitors.
